“ To The family. I would like to extend my deepest condolences for the loss of your loved one. At times like these it can be very hard to find comfort, but "the God of all comfort" will always supply us with exactly what we need to endure trials. (2 Corinthians 1:3, 4; 1 Corinthians 10:13) I hope that you can find comfort in the words of Jesus Christ who said: "do not marvel at this, because the hour is coming in which ALL those in the memorial tombs will hear his (Jesus Christ) voice and come out." (John 5:28, 29) Just think, in the very near future all who have fallen asleep in death will live again. What a wonderful time to look forward to.##imported-begin##Sausha S.##imported-end##

“ I am sorry to learn about the death of Ada Lee. This must have been a difficult time for all of you. I'm forwarding scripture that will comfort you. Psalms 90:10 says that the usual human life span was 70 or 80 years. This was true when Moses wrote it but not so from the beginning. (compare Genesis 5:3-32.) Hebrews 9:27 says...It is reserved for men to die once for all time. This, too, was true when it was written but not the case before God passed judgement on sinful Adam.##imported-begin##JT Nunnally##imported-end##

“ Dear family, I'm so sorry that you lost your dear Ada. I pray that over the months and years you will receive much comfort to help you to cope until you are reunited with her again. Put faith in the resurrection, because this is Jehovah's means of restoring life to our loved ones. Jesus demonstrated this when he brought many back from the grave while he was here on the earth. Please read Mark 5:38-43 which shows how he resurrected a little girl. Adam's sin brought death upon us; but it is Jesus's sacrifice that will give us an opportunity for eternal life. For 1st Cor 15:22 says: "For just as in Adam all are dying, so also in the Christ all will be made alive." May the love and comfort from Jehovah God and his son, Jesus be a strengthening aid to you until that glorious day arrives.##imported-begin##R Johnson##imported-end##
