“Angela was one of our group in the 2018 Barbados Study Abroad program for a month last summer. I met her in the Richmond airport so we ended up traveling together. There were ten of us in the group and we had an amazing time getting to know each other and learning Caribbean history, and ways of life on Barbados. Angela was warm, friendly, happy and so glad to be there. She fully participated in all activities including swimming with turtles and dancing in the Crop Over festival and our studies with Prof. Moitt at University of the Caribbean at Cave Hill. Dropping by Rihanna's house... It's so hard to believe Angela will not be at our reunion and that she is not walking this earth somewhere.
