“ Dr. Emery was one of the greatest educators in Baltimore. When people of her caliber cross your path you have just been honored as much as it is an honor to know them. Dr. Emery was a gift from God we will miss. A resource whose life mission, I believe, was to guide generations into their gifts. She allowed me to have my first shot as a broadcaster on the schools P.A. I am grateful for that beginning. It was not by happenstance she showed up last year at the alumni gathering...at Walbrook. It was the last time she would really be close to some of her kids she dedicated her life to. Peace and many Blessings to her family.

“ Dr. Anne O. Emery has had a profound impact on my life and my desire to learn, achieve and help others! She led a tireless effort in making sure myself and 8 other students were poised, ready and chosen in the then 1 of a kind C.E.A.P Program where we attended collectively U.M.B.C. and Coppin State College. It's an opportunity not afforded many. I am FOREVER grateful to her and indebted to her process supporting and leading "our children"💖

“ Vallen Jr. & Michelle: *I am blessed to have known Dr. Anne Emery. I am grateful that she founded Heritage and hired me to be organist and become a part of Heritage. Most of all I am grateful because she made sure the young people in Heritage got scholarships to further their education. She loved my son and always called him "My BOY"*

She looked out for Tony Jr. and cared about him. Thanks for sharing your mom with so many people and the community.

Prayers for the family and condolences during this time. We will never forget how our schoolmate welcomed us here to Baltimore when we returned from overseas. Doris and I will be forever grateful for her friendship and love through many years.
