“ Dear family, what a sad thing your family has endured. To have Anthony die on the same day of his daughter's funeral had to be tremendously heartbreaking for you all. My heart goes out to you in your sorrow, and my prayers are with you. When tragic events happen this way, many people question God, and they want to know why. Sometimes words are not adequate, but know this that Almighty God Jehovah hurts when we hurt, because 1st John 4:8 says that "God is love". He is not the cause of the tragic things that happen to people, because the bible at James 1:13 says: "When under trial, let noone say I am being tried by God, "For with evil things God cannot be tried neither does he himself try anyone." Yet because of such tragic things happening to people all over the world, Jehovah has a purpose to end all sickness, violence, and death in the very near future; because all of these things happening are signs that we are deep in the end of what the bible calls the last days. 2nd Timothy 3:15 calls these days (critical times hard to deal with). Very soon God will wipe out every tear from our eyes and death will be no more, neither will mourning nor outcry nor pain will be anymore, because these former things will have passed away. Rev 21:3-5. As for the dead, they will hear the voice of the Son of God, and they will come out of those memorial tombs back to life. John 5:28,29. Until that time comes, I pray that you receive much comfort and strength from the holy scriptures, and from the loving father above who cares so much for us. 1st Peter 5,7###imported-begin###R Johnson###imported-end###
