“ *I heard of your passing recently and it was an unimaginable shock. Since we last saw in '16, life has gone on at a mind-numbing pace. However, in that moment, time stood still.*

I want you to know that I am grateful for the patience and guidance you showed me. The rigor of Medicine has a way of breeding harshness, yet you led with understanding and tolerance. A giant amongst men, even without trying you made your presence known. I pray that you found true joy and contentment in life.

I hope your family continues to be proud of your incredible legacy: You gave so much of yourself to others. May they find strength and peace in these moments.

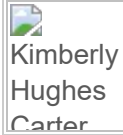

Rest easy, Ash. - Annalise
