

Audrey Mae Alexander

August 2, 1931 - March 7, 2000

AUDREY M. ALEXANDER, daughter of Ida Shell and the late William Sherrill, was born on August 2, 1931 in Baltimore, Maryland. She departed this life unexpectedly on March 7, 2000. She received her education here and graduated from Dunbar Senior High School. She worked various jobs in her life, but for the last twenty years she was a domestic engineer for various families. She was a member of St. Francis Xavier Church. She married Perry Herbert Alexander and from this union four children were born, Michael, Audrey Jr., Perry and Suzette. Archie, as she was so fondly known, was known for her many talents, mainly her cakes. She will be greatly missed by everyone who came in contact with her. She was a good friend and a very devoted family person with a heart of gold. She leaves to mourn: her mother, Ida Shell; four children, Michael Alexander, Audrey Alexander, Perry Alexander and Suzette Fedd; two brothers, William Sherrill and Leonard Sherrill; six sisters-in-law, two daughters-in-law, one son-in-law, two aunts, fourteen grandchildren, nine great grandchildren and a host of friends and other relatives.

“ OMG ARCHIE, my heart is in so much pain, losing Perry and Mike, the way I did, I felt Mike was really grieving Perry when he didn't want to attend the service to say farewell to his brother, I tried to get him to talk someone but you know how stubborn he can be, he got that from you! I miss you, and love you so! Thanks for being a great Mom and loving me so!

“ Happy belated Mother' Day Mom. I truly understand now the talks we used to have about being a mom. This mother's day Lynn and Simone took me on a weekend trip and I had a great time. I was treated like a queen. They paid for everything I wanted. They took me dancing and shopping and sightseeing. I really enjoyed the time we spend together. I also notice shiny pennies on the floor in the hotel and outside like you were visiting with us. Some people think pennies laying around is a sign of someone who has pass on. So I started thinking of you and mama. I really miss you so much. Thanks for that blessing you send my way on Sunday. I will pass it on to my girls by buying them something nice for taking me on that great weekend trip. I love you and miss you and hope to see you in my dreams tonight

I went to your resting place and place your favorite flowers in the vase. Thank you for that wonderful Christmas gift and all the blessings you and mama has send my way. I brought great gifts for my girls and took them on trips and took them out to dinner. I paid it forward since you blessed me with so much.I still have a lot left and you are still sending me more. I am taking a great vacation this year thanks to you. I hope you are blessing everyone else also. I listen to all the messages you told me in my dreams and they are working great for me now. “ Hello Mom Angel, thanks for all the dream fun we have been having and all the coins I have been finding and other good fortune you have been sending my way. I know you and mama has been helping me a lot and I appreciate it. I was at your resting place today and replaced your flowers with some fresh roses and along come a family of butterflies and it made me cry because they land on the roses like they were my family coming for a visit. I counted three and I thought of you and mama and bill because the picture of bill has faded away and I was thinking I had to get a new one right at that moment. So I sat and watch them flying around for awhile and then they left and I came home smiling thinking about everyone in the spirit world and how much I love and miss them. I love you and miss you and will always hold a special place in my heart for you forever and always.

“ Well I made back to your page and I'm on time this time. WOW! I'm surprised. It must be an age thing. Did you get my prayer messages about setting a place at the card table for Bill and Henrietta. I'm starring at your picture right now to get that strength from you and remembering all the times we shared as I wipe away the tears. I remember what it took to get us all together to take the picture that I look at daily. You always knew how to bring us all together for those Holidays at the House. I miss you for that the most. I remember when that guy crashed into my brand new car and you said, "God will only give you as much as he knows you can handle". I need you for that. I remember how worried you were about the year 2000 coming and all those rumors about what was going to happen. I'm happy that you got to see the year 2000 come in before you move on. See I told you nothing was going to happen. I remember how we all brought you gifts for your Birthday, Mother's Day, Christmas, etc. etc. etc. and I know it wasn't about what we gave you. It was about showing up and getting them hugs and kisses, as the tears flow. I swear it is so hard to come to your page Mother because I can't control my tears. I miss and need you so much now. But I know you are watching over us. I got to end now but I just want you to know that my ipod has every Dionne Warwick song you have ever sang. Thank you for that. I say a little prayer for you. Happy Birthday Archie give Idie and the rest of our family and friends up there with you my Love.

“ Hello mommy angel. I just spent all last week in Atlantic City visiting Henrietta in the hospital. She is in heaven now. Her sons decided to turn off her machines on Thursday so I wanted to spend as much time with her before she said good night. I thank you for letting me spend so many summer with her. she was like a second mom to me. I told her how much I love her and she told me she loved me too. I did not go in the room when they turned off her machines because I know I could not handle that. I visit her on Wednesday and she was holding my hand and as I stood at the foot of her bed she would rub my hand with her feet and smile. I just wanted her to know I love her and wanted to be there for her last day on earth. So now I am home thinking about my heavenly family and missing everyone that I love so much. I am at peace now because I had a chance to say goodbye to her before she close her eyes forever. I went back in the room after everyone left on Thursday and said my goodbyes with tears streaming I kissed her and know she was in gods hands now. I miss you mom and love you and will always hold a special place in my heart for you forever and always.

“ Happy belated birthday mommy. I saw Sue and her kids at the mall today. They asked me how their dad was doing and I had to tell them about his passing. I felt so bad telling them their dad had passed away. They were so sad that it brought tears to my eyes. Juan is so handsome he lives in California and Susan lives in Virginia and Beth lives in Florida. They said that their dad told them about you and mama passing but not lee. They brought some flowers for your resting place since I told them that their dad ashes are with you and mama. I got their address and phone number to keep in touch. We talked and shared memories about you guys and then I gave them all kisses and hugs and told them how much I loved them and said goodbye. Then I went and put the beautiful flowers on your resting place and came home and send you this note. “ I just got in from visiting your resting place.I placed a dozen of your favorite flowers and a dozen of mama's favorite flowers too. On the way I stopped and got lunch so I could spend today having lunch with my two angels. I got your favorite food and sat there thinking about how much I truly miss you but know you are at peace. This morning Lanaya asked me what I was doing today and I said having lunch with you and she said tell grandma hello and she sure miss you I always smile because she was only 6 months when you past on to heaven. When she was little she would tell everybody that a lady came in her dream and blew on her belly and she would wake up laughing all the time . We all knew it was you because you blew on all your grandkids belly when they were little. That is a memory I think they all share. She also asked me to buy some flowers for her so the dozen of gold roses are from Lanaya. Yesterday I had a very sad day spent the entire day in bed thinking about my mom. Today dragged myself out to make sure I put flowers on your gravesite and of course it made me feel better knowing your spirit is near. I love you and will always hold a special part in my heart forever and always.

“ Hello Alexander Family! May our heavnely father keep giving you all peace of mind and a happy day. Our days goes by faster these days. Time move on and our lives too. When our loved ones die, we miss them so much. We may ask, What hope is there for them? Is a reunion possible right here on earth under the best conitions ever? The bible has the answer, Job 14:14, Ps.37:29, Isa.26:19. There we find real confidence in our heavenly father Jehovah promises. Our love ones will stay in our hearts. We are looking forward to the time when many will come back to life in the resurrection. I hope the few words have been some comfort to you all. Our condolences. “ *Death is a harsh and devastating interruption to life a precious gift of God. Yet in most of our lives today we see death as our final eventuality accepted by many. However our heavenly father Jehovah God, the giver of life promises that one day in our near future death will be no more. As Revelations 21:3-4 states “God will wipe every tear from our eyes and death will be no more, neither will mourning nor out cry nor pain be anymore.” How truly happy we all will be not to ever be threaten by death because it is Jehovah God’s promise to us according to Psalms 37:29 for the righteous ones to live forever on earth. Another hopeful awaiting thought in our future is all those who have lost their lives to death or the lost of our love ones, Jehovah God says according to John 5:28,29 all those in the memorial tombs will hear Jesus voice and come out. Yes these ones will live again! We all can hold fast to this because Titus 1:2 states: upon the basis of hope of everlasting life, which God, who cannot lie promised before times long lasting. Such a comforting thought to know our having life forever was always Jehovah God’s promised purpose for us. My deepest sympathy to the family.##imported-begin##Carter##imported-end##*

“ I send my deepest sympathy and words of encouragement. Rev.21:4,5 "God will wipe out every tear from their eyes, and death will be no more. The former things have passed away.' And the One seated on the throne said: 'Look! I am making all things new;. Also, he says: "Write, because these words are faithful and true.##imported-begin##nunnally##imported-end##

“ To the Family of Mrs. Alexander, when we lose a love one in death we think about all the things we wish we would have said but no longer can. Did you know that God purposed to resurrect the dead to life on the earth that we come to love so much. Just as Jesus resurrected Lazarus. (John ch. 11) So Jesus showed on a small scale what that Kingdom he told us to pray for will do for mankind on a grand scale. Remember Jesus said in the book John "I am the resurrection". So may all the family look forward to that time when you will be able to share your thoughts with her, face to face.##imported-begin##Lillian##imported-end##

(2Corinthian 1:3-4) Due to the many unforeseen occurrences that brings tragedy to our lives Jehovah God promises one day soon Death will be no more (Rev 21:3-4) and his son have been given the authority to bring all those in the memorial tombs back to life. “ *Hi Grandma! You know it is hard for me today to control my emotions. It seems like yesterday that you left us. Everyday I keep asking God why you. You was the rock to our family and now we have no family. Everybody doing their own thing and no togetherness. I know you don't like that. You was always the strong one. I miss you so much. Like you always told me I think the sun should rise on you and everyday that it does I hear you saying it. I love you the world greatest grandma. Give Grandma Ida a big kiss for me. I love you. Because it reminded me of the love you always gave each and everyone of your children to make them feel so special in your heart. I know they all miss you so much. The dream of you and my dad sitting in the livingroom made me cry because I have not visit his gravesite in along time and visit yours all the time.I will honor your wish and bring the family together more this year. I was talking about you last night when I had a card party with my cousins and they reminded me about our card parties with Tinky and pig we use to have so much fun . I also had Charlie fold my fathers flag up like the army do and I have placed it in a display case on my table. I went to see Dionne and I guess I was singing along with my sister in the crowd and both of us thinking of you and how you love these songs and how we both love you so much. “ Mom I really miss those hugs and kisses. I had a very sad day yesterday remembering momma's passing that I could not even look at her website so today was a much better day. I am making a quilt for tinky and pulled some of your clothes out to use. Simone and Lynn was so amazed that your scent is still in your clothes. I have the outfit you worn every Christmas. The long red skirt and white blouse. The jeans you had on that Saturday before you passed that still have your scent. Simone said I should not cut them because they have memories so I told her I will keep them and add pictures instead. I miss you and love you and will always hold a special place right next to momma in my heart forever.##imported-begin##Suzette##imported-end##
