“ *As I think of this precious young lady, I remember that every time I was in her presence she always touched my heart. My daughters are fellow troop members of Ayanna and when we had activities going on with the troop, I would often find myself watching Ayanna and she would be doing something devious and she would catch me looking at her and she would bust out laughing or give me a little grin as to say "What do I do?" I will miss that smile, that grin, that abundance of joy that would come from her. Our prayers are with you as you go through this difficult hour. May you know that God has his arms around you even now to comfort you and give you peace.*
