

## Baby -Airianna Flanagan

March 24, 2008 - March 24, 2008

Mommy & Daddy's Little Angel Airianna, Mommy loves you so dearly. I never knew I could love someone so much that I never met right from the start. The first time I heard your heartbeat; the first time I felt you move inside of me brought me so much joy. I knew that my life would forever change and I couldn't wait to grow with you. The day you were born I was over joyed and hurt at the same time, because I knew you was only there to stay for a short while. My heart is at peace now because I know you are where you should be, in God's arms, in God's hands, and an angel in the skies watching over me. I love you always, Mommy

“ *So sorry about the loss of your precious young one. God has promised to bring our dead loved ones back to life. Job chapter14, verses14 and 15 inform us:"If a person dies, will he live again?...God,you would call me and I would answer you." May this hope of a resurrection in a peaceful new world give you much comfort, strength and hope everytime you read it from your Bible. “ Dear family, I'm so sorry that you lost your precious little baby. What a terrible thing to go through. My heart and prayers go out to you. One day such saddness will be no more, because 1st Cor 15,26 gives us this assurance. It says, "As the last enemy, death will be brought to nothing. Death is truly our worst enemy, and it is so loving on the part of Jehovah God and his son Jesus to make an end to death possible. One day, if we are obedient children of God, we will see our loved ones again. Imagine the joy of holding Airiyanna again, and seeing her grow and enjoy life. This joy will be yours if you serve the true God Jehovah, and I would be glad to help you to understand his purpose, and how you can achieve it. Please call me or contact me on my e-mail, 410-426-2541. Also please read John 5:28,29 which lets us know that all those in God's memory will be brought back to life. May you find much hope and comfort in Jehovah"s promises.##imported-begin##R Johnson##imported-end##
