

## Beau A. Rice

December 22, 1946 - June 27, 2017

Beau Attlee Rice, beloved youngest of 3 sons to Herbert Rice and Tillie Pretoria Smith-Rice, was born December 22, 1946. He departed this life on June 27, 2017.

He received his education from Fairmount Hill Vocational High School. Shortly after he joined the U.S. Army where he studied helicopter mechanic and served in the Vietnam War.

After returning from the military he married his first wife, Vernessa Rowlette, and from that union he raised five children.

Beau worked for Pharmacokinetics for many years and this is where his love for the medical field began. He retired from Johns Hopkins Bayview after 20 years.

Beau remarried his late wife, Catherine Brown.

He loved to invent his own gadgets and do his own research. It was always full of knowledge. If he didn't know or understand something he made sure he read books to figure it out. As a father, he was very strict but loving. You can imagine being a military dad, we were his little soldiers. He enjoyed being around family and friends because they were one in the same. He would

reminisce about the old days for hours.

Beau loved to have fun and he would have no problem waking his kids up in the middle of the night so that they could show him and his friends the new dances or the new moves, he was tough on us. He was always in a good mood and spirit and he wanted everyone around him to laugh. He was known for a lot, but definitely for his corny jokes.

For those who knew him and enjoyed him and for those who didn't they may have seen his name or symbol around Baltimore City. He left his mark on every transportation service he used and deep in our hearts. This man, this father, this brother, nephew, cousin and dear friend will truly be missed.

Beau was preceded in death by: his mother and father, Tillie and Herbert Rice; his brother, Daniel Rice; and his loving wife, Catherine Rice.

Beau leaves to rejoice his memories: his children, Attlee, Attlina, Calvin, Lanaue, Venaue, Endya and Deodria; 17 grandchildren, 7 great grandchildren; his brothers, Sherlock Rice and Howard Rice; his sister, Vanessa Rice; and a host of aunts, uncles, nieces, nephews, cousins other relatives and dear friends.

“ *You always made me laugh. I took every bit of advice you offered and adopted into my life. I can never again look at the world thru the eyes of a sheep thanks to you, and I haven't for a long time now. My only regret is that I was not able to show you the profound thinker I have developed into due to your contributions. I have been honored to say you are a part of family. I don't think I ever told you I loved you but I truly did. Your energy is eternal.*

“ *Just learned a very sad news about Beau passing a month ago... I worked with Beau for several good years at the Archway Clinic at the Bayview Hospital campus. Everybody in our team as well as our patients loved him.*

*Beau was a very wise man with great sense of humor and a big heart - a truly amazing person. I feel blessed knowing him as a friend and as a coworker.*

*We all Love you, Beau, and we all miss you.*

*Rest in Peace.*

*Sending my deepest sympathy to your family and friends.*

*May loving memories ease the pain of your loss.*

“ I worked many years with Beau side by side as Lab Assistants at the Archway clinic. He was always so smart and helped me in so many ways. We talked about life and many things in that small observation room at the Archway clinic- JHBMC. Thank you Beau for all your help in my journey when I was in school and when I first purchased my home. You helped me cut the grass as well as fix a few things in my home and never asked for a dime. You were quite the Co-worker as well as Friend. Rest easy my friend....Theresa Maxfield BSN. RN.

“ As I was growing up, I always remember you being there in our home like a big brother. I remember the singing, dancing, and joking. You enjoyed life! I will always remember at a vulnerable time in my life, your gesture of safety brought a little girl comfort. Thank you for that...I will miss you dearly.

“ *Beau's DNA proved that he had carried a special love in the lives of everyone he was around. He was quite witty in his vocabulary as he would capture his audience with a well rounded vocabulary as he could speak any language available. From Poetry to Geometry to Geography to World Events. He was the Modern Day E.F. Hutton. When he had spoken, everyone had listened. I thank Jesus Christ for placing him in our lives for such a time as this. Thank you Father for his legacy shall never end. In the Name of Jesus Christ. Amen*
