“ *At this difficult time so many people care deeply about what you're going through, though no one can truly understand all that you feel...But please remember how much we care, and know you're surrounded by warm, supportive thoughts and wishes for strength and peace today, and in all the days to come.##imported-begin##The March Family and Staff##imported-end##*

“ *The closest love we have on this earth is the love of a mother. I pray that you will find comfort in knowing that your mother loved you with all her heart, soul, and mind. Be assured that she learned this love from her Father in Heaven where she is now resting caring, tender, loving, peacefully arms of Jesus. I believe is she had the opportunity to return to us, the answer would be no for she now has His complete attention. Think about it, you now have an additional angel looking down on you. Please remember that I too love you with all my heart, soul, and mind and am comforted in knowing that we shall see Bernice again on the other side. The one saving grace is that He will not be crowded until we all get there. If you concentrate on the good times you and your wonderful mother shared and lock those in your memory bank, your days and nights will be just a little easier to bear.##imported-begin##Barbara C. “ *The closest love we have on this earth is the love of a mother and father. We pray that you will find comfort in knowing that your mother loved you with all her heart, soul, and mind. Be assured that she learned this love from her Father in Heaven where she is now resting in the caring, tender, loving, and peacefully arms of Jesus. We believe that if is she had the opportunity to return to us, the answer would be no for she now has His complete attention for to be absent from the body is to be present with the Lord. Think about it, you now have an additional angel looking down on you with such a beautiful smile of love and gratitude. Please also know that we too love you every much and are comforted in knowing that we shall see Bernice again on the other side. We have a saving grace--"He will not be crowded until we all get there." If you concentrate on the good times you and your wonderful mother shared and lock those blessings in your memory bank, your days and nights will be just a little easier to bear. Hey Daddy! I've just discovered your message for the very first time since Grandma's passing in 2002. It's such a blessing to still find new traces of you. I love and miss you deeply, but I know you and Grandma are finally reunited after 22 long years apart, I never understood how you dealt with this type of pain but now I understand that it is all due to God's beautiful mercy grace. I miss you both so much and just as you wrote these words to Grandma I now write to the both of you: I know you're both in Heaven with God. I love you both very much. I'll wait for our reunion in the Kingdom of God. Your Loving Daughter and Granddaughter, Jacqline. ❤️
