“ *I am very sorry to learn about the death of Betty. I'm sure that this must have been a difficult time for all of you. I'm forwarding scripture that will comfort you. Psalms 90:10 says that the usual human life span is 70 or 80 years. This was true when Moses wrote it but not so from the beginning. (compare Genises 5:3-32.) Hebrew 9:27 says...It is reserved for men to die once for all time. This, too, was true when it was written but not the case before God passed judgement on sinful Adam.##imported-begin##JT Nunnally##imported-end##*

“ *Sending condolences to you all, the Lee's. Ms. Betty was almost 59 years old when the circle of life was broken. We have so many promises to look forward to in the near future at the making of our heavenly father Jehovah God. Imagine the happiness to be had when the dead are brought back to life on a paradise . There will be no more crime, sickness, poor health, housing problems , high bills to pay. Every one the bible say will built their own place and grow food and never worry about any thing, Ps.145:16, tell us why? May the journey of life be peaceful and calm with knowing that others care.##imported-begin##Lillian Crosby##imported-end##*
