“ *Just having Ganny here. I remember how we use to play spades my mom and granny were partners and they will always make their own rules so they could win and tell us we were the one cheating. It was always funny when she would always turn coat on my mom when my dad and my mother had a funny disagreement. We will truly miss Granny going away or just coming to family fuction here in Maryland or going away. Whenever we said we were going somewhere we would always ask is Granny coming she was and always will be a special granny in our hearts.*
