Missing You

Ross,

You were always there for me through thick and thin, we had our ups and downs in life but we always had each other backs. We did everything together, I would have never thought in a million years that you would leave me. I am so confused, I can't function and I don't know what to do without you here. I will pray for strength. Your sudden departure like this who can I blame. Ross without you I will never be the same.
