“ Charlotte was one of the smartest people I have ever met in my life. She was the most competent nurse - having worked in both med/surg and obstetrics. She was generous, both of her time and spirit. She was the kindest and sweetest person I have ever met in my life. She was the best friend I ever had, or will ever have. The loss of Charlotte in the peoples' lives that loved her cannot be measured. The only comfort is to remind myself how lucky I was to have her in my life as long as I did.
