Everyday not hearing your voice, making jokes that makes us laugh, asking if we were okay even though you were dealing with your own health. Always putting others before your own self! It saddens me but I know you're in a better resting place . I will never forget you and my prayers are always with your Mom and family! May God give them the strength to get through this most difficult time! I'm blessed to have known a man like you and thank you for your services . Ty
