“ I am very sorry to learn that you have loss a family member, Clifton to death. I am sure that this must have been a very difficult time for you. I am forwarding scripture that will comfort you. Psalm 90:10 says that the usual human life span is 70 or 80 years. That was true when Moses wrote it, but that was not so from the beginning. (compare Genesis 5:3-32.) Hebrews 9:27 says, It is reserved for men to die once and for all time. This, too, was true when it was written. But it was not the case before God passed judgment on sinful Adam.##imported-begin##JT Nunnally##imported-end##

“ May you receive much comfort to help you to cope with the death if your loved one. whenever we lose someone we love in death, it hurts us like no other event in our lives. I would like to share God's wonderful purpose with you to bring our loved ones back to life in the resurrection. At Daniel 12,2 it tells us that many of those who are asleep in the ground will wake up, and Acts 24,15 says that there will be a resurrection of both the righteous and the unrighteous. There"s also a beautiful promise recorded at Rev 21,4 which says: "And he will wipe out every tear from their eyes and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away." May these wonderful scriptures be a source of comfort of comfort to you all, and may your precious memories help you to go on.##imported-begin##R Johnson##imported-end##

“ I would like to express sincere condolences to the family of Mr. McCall. At this time words of comfort are needed and Jehovahs words at Isa 25:8 where he tell us that he will swallow up death forever and at John 5:28, 29 he tells us that there will be a ressurection are comforting. May these words give you strength at this time.##imported-begin##T.Taylor##imported-end##
