Just listening to him speak or Chair a committee meeting was a privilege as he always spoke from the heart and he spoke the truth. There are few politicians like him and none as respected as Elijah Cummings. Baltimore, The U.S.A. and the world has lost a public servant the likes of we will never see again. “ Sincere condolences to Dr. Maya R. Cummings and the Cummings family. Praises be to God for allowing Elijah E. Cummings to touch the lives of those from so many walks of life and ethnicities. I considered him a long-time friend, who shared similar values of principle, integrity and helping the less privileged and underserved. I first met Elijah in 1982, when as Second Vice President of the Howard University Alumni Club of Baltimore I solicited his membership. Although He was not able to make the majority of meetings, we could always count on his monetary support, and he knew he could count on me and other howardites to help him when he ran for seat in Maryland House of Delegates and Congress. I and others (many of them now deceased) worked diligently on his campaigns and fundraisers over the subsequent years, to the end. He fought a good fight and fulfilled God's purpose and had to leave at the appointed time, even though others might have wanted him to stay one more day. And, now he does not have to worry, cry, argue or fight any more, and is now standing on the promises of God. I pray that he rest in peace and take solace in knowing that "he made a difference" in the lives and circumstances of so many and can rejoice in the accolade of "a job well done".

I am deeply saddened by his passing as every time I saw him on television, Congressman Cummings was a beacon of hope for me. He always stood up for what was fair and right. Although I live in NY and am not one of his constituents, I could count on him to represent my heart and values. Now, there is one less incredible leader fighting for our democracy, fighting for the good citizens of the United States, fighting for each and every one of us. He was never afraid to call out any hatred, racism, or any nonsense that our country is being put through at this time.*

“ *Our nation lost a great man full of grace, a leader who used his powers for good instead of evil. A man who cared for & spoke for all who could not. For those Americans of the Christian faith I'll leave you with one thought. Well done my good & faithful servant. If anyone made it to heaven rest assured family Elijah did. Thank you for being a beacon of hope in troubled waters.*

He made Baltimore proud and the entire country better. May we learn from his life - the lesson to serve on the side of right and moral correctness. My prayers for your family.*

“ *From the Bea Gaddy Family and Bea Gaddy Family Centers,*

To say that Congressman Cummings was a dear friend is a true understatement. He delivered the eulogy at our mother's funeral. He preached her to and through the Pearly Gates. He was a true friend to her and she to him. He's supported our family beyond measure. To say that he will be missed isn't enough. His spirit and devotion to us and our city will never be matched.

Speaking from my Veteran World. He was so very instrumental in bringing the VA Hospital to downtown Baltimore. Best decision ever,

Congressman Cummings or Elijah, you will be missed by our family and by us veterans.

Thank you so very much. I know you and our mother had a great reunion

Cumming was a great example of a servant for God and for the people. His leadership, his fights and and his battle grounds were always for the people moving toward a better way of life. “ *Elijah Cummings was elected to a very significant and powerful position in our government; yet remained humble and associated freely and frequently with those who seem powerless. In a Congress sometimes referred to ‘a ship of fools’, he was a voice of wisdom. In a world filled with striving for self-importance, he raised up others. I knew him when he championed the need for children to have access to oral health care - long before the tragic death of a child from an abscessed tooth. His words of wisdom will remain in my ears; his example of how to live a life fulfilling God’s purpose for him on earth will remain in my mind and in my heart.*

“ I remember meeting Congressman Cummings in the middle section of downtown traffic in the late nineties. Even at that encounter when speaking to him he showed an air of humility and kindness to take the time to engage in a light conversation of care with me. God gives us leaders of humility, integrity and morals. Congressman Cummings fought a good fight set before his life, he finished his course, now God has set him at rest in his eternal kingdom. God's perfect peace to his adorning wife and blessed children. To God be the glory. Rest in God's loving arms Congressman Elijah Cummings.

“ I was blessed to be assigned an Internship with then State Delegate Elijah Cummings in 1983 while attending Coppin state College. Delegate Cummings was not only a mentor for so many young men, he was consistently a caring man of honor. At the time he was a partner with Attorneys Edward Smith and Georgia Goslee and they were a dynamic team of attorneys who worked hard for their clients. As years passed, he became friends with my husband, who is President of the Letter Carriers Union and Elijah was a great supporter of the Oriole Branch of the NALC...fighting hard for their battles. I have the upmost respect for Elijah who will be missed. He was a true soldier for justice in our city of Baltimore. My love and prayers are sent to his loving family. GOD Bless.

My heart has a real hole in it at the loss of U.S. Representative Elijah Cummings, a great son of Baltimore and political leader for justice, throughout the nation. I was blessed to have known Elijah, as a fellow student at Howard University. Even during those formative years of the early 1970's, it was clear that Elijah would become a leader for social justice, progressive public policies, and equal opportunity. My deepest condolences to his family. As a nation we give thanks to God for his many "great works". This lad of Baltimore made me proud.

You leave a huge void. At the September 4, 2019 town hall, An Interfaith Call to Action for Baltimore City, you called on the Interfaith community and local, state and federal leadership to create strong coalitions, you called on mentors for our youth, remembering how Howard Friedman became a mentor to you in high school and college. You said, “Diversity is not our problem, it is our promise.” Thank you for your passion, your leadership - for truly caring. “ We were blessed to be represented by a man of such character. We are spoiled by those who fight hard so the rest of us could aspire to lead better lives. But, when our giants receive an invitation to abide in the presence of ultimate power and “dance with angels”, we must be prepared to honor them by ensuring that their important work don’t end at their departure.

I was in shock when I glanced at my timeline and saw the news that our honorable Congressman Elijah Cummings had passed on. He was a great man and an exemplary public servant. He lived and served from the heart...with great passion. He even served his country while negotiating with death.

Congressman Cummings gives me a higher perspective of public service and decent public servants. For people like him, it’s a life of major sacrifice shared by his family. His every success on Capital Hill benefits the country and his constituents: people who are not blessed with the platform nor the time to represent themselves. We honor him for championing our causes.

I pray for comfort for his family; both the kind that is promised by God as well as the kind that flows from good humanity. They shared their family hero with us, and we took the lion’s share. It would be most fitting for us to make sure they are not forgotten as we rightfully etch his memory in the annals of history.

And may the person who steps up to his post be baptized into his anointing for justice and the fight for a respectable democracy. No need to reinvent the wheel here, just commit to keep it rolling.

“ I met Congressman Cummings a few times. There are so many genuinely good things he did for the community and for individuals. One of my lasting memories of him was witnessing a heartwarming genuine deed he did for a woman in the Giant zFood store at Loch Raven n Taylor Avenue some years ago. The woman didnt have enough money to pay for her groceries n Rep. Cummings discreetly leaned over to her and said "get whatever you need." He then asked the casier to put her bill together with his. He was such an honorable man...His sincerity towards his constituents showed time n again. You knew he wasnt someone looking for accolades n applause. He ran n won election either unopposed or by landslides. What a great loss. My deepest sympathies to his family. Baltimore residents can certainly honor him bh remebering him...stop the violence and the words of Rep. Cummings "...we're better than this..." RIP dear Congressman Cummings.

I remember I once had a problem, I sought out the congressman for help and he was able to resolve my problem in a timely manner. He did not know me from Adam, but, did not hesitate to help me successfully resolve my issue. Elijah Cummings was a soldier put here to fight for fairness and justice no matter where you lived or who you were. He gave opportunities to those who would not have otherwise had those opportunities. I once saw him standing outside of the Safe Way supermarket in Catonsville, Md. talking to some of his constituents, standing freely without body guards looking like a regular everyday person. God saw that this soldier was tired and his work here on earth was done so God called him home for eternal rest. My sincere condolences to his family and friends. Thank you for your service, job well done and may you forever RIP
