“ *Please accept my sincere sympathy for your loss. Despite this difficult time, you can find comfort in the Christian hope of the resurrection. Acts 24:15 states: "and I have hope toward God, which hope these men themselves also entertain, that there is going to be a resurrection....Yes we gave a solid guarantee that we will have a chance to embrace our dear loved ones again.##imported-begin##A. “ To the family and friends of demetrick, I would like to offer my condolence for your lost. Although there is pain from this great lost, the bible lets us know that a time is soon to be here when death will be a thing of the past. In fact we will be able to see our loved ones live again. They will as our heavenly father says come back to a earth that will be beautified. There will be no more crime, violence, poverty, sickness, or DEATH!(psalms37:10,11) It will be wonderful. It is not a dream, the bible lets us know it will be a reality in the very near future! This is a time that I await! Im sure that you would enjoy conditions like that too!? Please take comfort in knowing that these things will come to be just as Jehovah our heavenly father says. Untill then may the memories of your dear loved one live on, and bring you comfort.###imported-begin##O.Crosby###imported-end##

“ It's been several months since your loved one passed away, yet they are never forgottne. The pain lessens after time has passed, but the memory of them is always in our hearts. It's so unfair that our loved ones die, but believe me this was not God"s purpose. He's a lover of life and he hates death. That is why he purposes to end death very soon. 1st Cor 15:26 promises: "As the last enemy, death will be brought to nothing." One day your loved one will awaken from the sleep of death to paradise conditions, and he will never have to die again. John 5:28,29 lets us know that the dead will hear Jesus"s voice, and come out of the memorial tombs. May your precious memories be a comfort to you until the day of salvation arrives.###imported-begin##R Johnson###imported-end##
