“ Walker and I went to Apprenticeship school together in 1996 and ended up in Japan and all the Ship's port calls together. We even ended up crossing paths later in our careers in Virginia Beach and San Diego. He was simply a cool, calm and collective fella with a killer dress to impress code. Our friendship didn't require us to communicate on a regular basis, but it all seem to always come together when we got together. He was just that type of guy. Easy to get along with and someone everyone wanted to call a their friend. I miss you man!!!

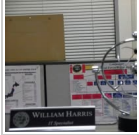

*To the family, I pray for your continued comfort and closure.*

“ I am extremely sorry for your loss. I can not imagine the pain you have had to endure. May the God of comfort be with you now and in times to come. God's Word the bible promises the hope of seeing our dead loved ones again. That promise is at John 28,29 and also at Revelations 21: 3,4

“ I always called Demond “Walk”. I first met Walk when he was assigned to VAW -115 Liberty Bells. Wow, what a great person he was! He always greeted me with a smile. Such grand memories, the conversations about the world in general, the BBQs, The clubbing, hanging out in different port of calls. The world seems just a bit emptier because of his passing.

“ Demond and I became attached at the hip when we both arrived in Japan in 1996. We have been close friends over the years and have always stayed in touch. We have shared advice, cooked, laughed, and celebrated birthdays and holidays together over the years. Demond is one of my closest irreplaceable friends that I have been blessed to have. Brother Demond thank you for sharing your friendship with me over the years. My deepest and sincere prayers to all family and friends. Fair winds and following seas, God bless you Demond.
