“ I'm so sorry that you recently lost your dear loved one. When we lose a loved one we feel so powerless, and it is truly a painful, traumatic experience that no family should have to go through. God makes a wonderful promise to us found at 1st Cor 15:26. He promises that "As the last enemy, death will be brought to nothing." Will the dead ever live again? That is a question people have pondered since the beginning. Even the faithful man Job in the bible asked: "If an able-bodied man dies, can he live again? Job 14:14,15. The bible gives us a wonderful hope for the dead. At John 5:25-29 Jesus said: "Most truly I say to you the hour is coming when the dead will hear the voice of the Son of God, and those who have given heed will live. "For just as the father has life in himself, so he has granted also to the son to have life in himself. And he has given him authority to do judging, because Son of man he is. "Donot marvel at this, because the hour is coming in which all those in the memorial tombs will hear his (Jesus's) voice and come out; those who did good things to a ressurection of life. So one day we will see our dead loved ones alive and well again, with the opportunity for everlasting life in view. May these wonderful promises from Jehovah, the God who always fullfills his word, bring much comfort to you in your sorrow. Isaiah 55:11###imported-begin##R Johnson###imported-end##

“ I would like to extend my deepest sympathy to the family and friends of Eric A. Jackson. Losing a love one in death is a painful time. This is a pain that Jehovah God promises will one day no longer exist (Revelation 21:3,4). May you take comfort in knowing that our loving Heavenly Father promises us that soon all those in the memorial tombs will come out to life on a paradise earth by means of a resurrection (John 5:28,29 and Psalms 37:29). As you await the fulfillment of this promise, may you find comfort from "the Father of tender mercies and the God of all comfort who comforts us in all our tribulation" (2 Corinthians 1:3,4).##imported-begin##S.
