“ *I would like to send my condolences to you all. Time move onward, it has been a year since your circle of life was broken after almost 87 years. It is wonderful to live for that lenght of time as the bible say at Ps.90:10, " Some person will live to be 70 years and others 80 years because of speical mightiness". The time is coming when no one will ever die again, Isa.25:8. I am so looking forward to that time and I know you all are too.Until that time comes may the comfort from our heavenly father keep you all well and uplifted in spirit.##imported-begin##lillian Crosby##imported-end##*

“ *Please accept my heartfelt condolences. Saddy, death has stalked mankind for far to long, and we all long for an end to sickness and death. That is a natural desire, because Jehovah created us to live, not to die. We only die now , because of the sin of Adam and Eve. Jehovah"s purpose has not changed, so he has taken steps to see that death is abolished forever, and people can live in peace and happiness. 1st Cor 15:22 tells us, "For just as in Adam all are dying, so also in the Christ all will be made alive." Through the ransom sacrifice of his son, Jesus Christ is how this legacy of sin and death willl be lifted off of us. As John 3:16 reminds us, "For God loved the world so much that he gave his only-begotten son so that evveryone exercising faith in him might not be destroyed, but have everlasting life." So oneday you can see your loved again in the promised ressurection.##imported-begin##Rita Johnson##imported-end##*

“ I am sorry to learn about the death of Ethylin. This must have been a difficult time for all of you. I'm forwarding scripture that will comfort you. Psalm 90:10 says that the usual human life span is 70 or 80 years. This was true when Moses wrote it but not so from the beginning. (compare Genesis 5:3-32.) Hebrew 9:27 says...It is reserved for men to die once for all time. This, too, was true when it was written but not the case before God passed judgement on sinful Adam.##imported-begin##JT Nunnally##imported-end##
