“ *I Have a Place in Heaven Please don't sing sad songs for me, Forget your grief and fears, For I am in a perfect place Away from pain and tears. It's far away from hunger And hurt and want and pride, I have a place in Heaven With the Master at my side. My life on earth was very good, As earthly life can go, But Paradise is so much more Than anyone can know. My heart is filled with happiness And sweet rejoicing, too. To walk with God is perfect peace, A joy forever new. YOUR FAMILY WILL ALWAYS BE IN MY PRAYERS. GOD BLESS YOU ALL ON YOUR JOURNEY.*

“ *Words cannot express the feelings I have for "grandfather". He has been a part of my life since I can remember. He watched us grow from young girls, to young ladies, and always had a smile and a kind word. Grandfather will be deeply missed by myself and my family. We know he is in a better place, smiling down on us and watching with a peaceful grin. I love you grandfather and will always remember your kind heart and warm smile. I was truly blessed to have you in my life.##imported-begin##Angela Yancy and Family##imported-end##*

“ To be absent from the body is to be present with the Lord. You were truly blessed to have such a wonderful and loving husband and father. Mr Jones did everything for anyone out of love. I too will miss him but be of good courage for to walk with God is far greater than to walk with men. I love all of you and know that God will continue to pour out His blessings on everyone in your family. William Allen ##imported-begin##William, Malinee, Muthithar and James Allen##imported-end##

“ My deepest sympathy during your time of sorrow but knows that the God of comfort is with you all during this time of tribulation. (2Corinthian 1:3-4) Due to the many unforeseen occurrences that brings tragedy to our lives Jehovah God promises one day soon Death will be no more (Rev 21:3-4) and his son have been given the authority to bring all those in the memorial tombs back to life. John 5:28-29 What a wonderful prospect for our future.##imported-begin##Carter##imported-end##
