“ *Franklin was very special to me. He was able to "read" me. He recognized I took on too much responsibility, always wanting to solve issues for others, & not paying attention to Me. He Would simply say "sit still for 10 minutes" & pat the couch beside him. It never failed to cause me to slow down, relax, and just Be. I miss those quiet times. He was my safe place, He protected me; even from myself. I am forever blessed for having him as my friend, even tho our time together was way too short. May God continue to bless his soul throughout eternity.*
