“ RIP: Cousin/Uncle Richard...Always remember when my father your uncle Walter Jones and aunt Ora Jones would bring me to Richmond, I could always tell when you were in the room from your strong voice. When you spoke it was always positive, it's funny how as a kid you can remember those who influenced you. As an adult it was always good seeing you when I came to town, the hand shake and hug. Going to miss you deeply. God Bless and keep you. Your voice shall be heard forever.

*“ We ever I was in your presence you always made me feel like you had known me my entire life. You were just a caring and loving person. Always had a smile on your face and kind words for anyone that you came in contact with. The last time I saw you was at my brother's birthday dinner. You walked in with that big smile of your's and greeted everyone one by one. It was just a joy to be in your presence. Take your rest Mr. Glen Jones, rest in the Father's arms. We all love you but God loved you best. RIP.

People say that when you depart from this life, you can't take anything with you. I cannot say that I find that a true statement. My experience is that with the transition of loved ones from this life, a part of my entire being has gone out of me with each of you.

Rich assuredly you are already and will continue to be greatly missed. Yet, I am grateful to God for the time you shared with us. Grateful for the so many things that you taught me as a child and an adult. Grateful for your covering through my teenage years, always allowing me to tag along with you and your friends even though you all were older. I never forgot that you told me two things to always guard, my drivers license and my credit, and I always have.

Rich, always will you continue to be my beacon of light, and my inspiration as I continue life's journey. Words could never express the impact and impression that your life has on mine. Loving you through eternity Cousin Uncle and trusting God to be with again.
