“ *I applied for a house and car loan about a couple of weeks ago. I was rejected because i had a very low score of 545, really devastated and down until i ran into an old friend i explained my problem to him and he introduced me to a hacker who's formerly an FICO agent. Just in 2 days i had my credit score raised to 785.I had a bet with my friend i was going to reveal the hacker to the world if he should fix my credit score. Well here I am recommending: HACK LORD2525@MAIL.RU for your credit score & credit report issues, bank, social media, phone hacks, also construct website and many more. Just drop him mail at that address and make sure you thank me later.*
