“ It saddens me to find out that Moses passed away. I met him when my father got me a job at DuPont. I was 24 at the time and was actually the youngest person at the plant. I was green behind the ears for sure.

I remember being in the cool room with Moses and some of the other guys. Moses asked me what I thought heaven was going to be like. I answered back saying their is going to be a weight room up there for me and a new body. Moses replied oh so you think it's your heaven. He then proceeded to speak with me about God and tell me things which at that time I didn't know. Now being older myself I study the Bible a great deal... and I love my God and father more than anything... now being I have grown since then... I know realize and understand that Moses was right about everything he was saying.

What I'm getting at is... Moses was a great man. But he wasn't just that... Moses was a man of God... the one and only God. Moses was a giant of a man, but he had a heart of Gold and you could see it. He was always willing to talk with me and he was full of knowledge. He loved his wife and kids bc he talked about them all the time. He was def proud of his children for sure.

I know Moses is in heaven with God. Again it saddens me to hear he has passed. But it also comforts me to know that he is with our Lord.

To his family my sympathy goes out, but also know you had a great father.

God bless
