“ I send my sincere and heartfelt condolences to the family at this time. He certainly lived a long life, considering the fact that the bible speaks of our life span in this day and age as 70 or 80 years. Psalm 90:10. Yet many people don't realize that thousands of years ago it was normal for people to live 700, 800, and even 900 years old. The oldest living man, Methuseleh, even lived to be 969 years old according to Genesis 5:27. I would like to share with you from the bible the reason why people living back there lived so much longer than we do today, so please contact me at my e-mail address. I would also like to share this scripture with you to show how we can live forever. John 17:3 says, "This means everlasting life, their taking in knowledge of you, the only true God, and of the one whom you sent forth, Jesus Christ. So the key to living forever lies in learning about our heavenly father Jehovah, and his son, Jesus Christ. One day there will be no more sickness, old-age, or death, and the dead will be ressurected back to life. Acts 24:15, John 5:28,29 May the hope of the ressurection bring you much comfort, and help you to endure in the days ahead.##imported-begin##R Johnson##imported-end##
