“ *In the short time that we at USP had the privilege of working with such a bright light like JWendy, she shared so much joy and go-to attitude with all of us. She never walked away from a problem and would jump in to help anyone in need. It was so nice to hear from her family and friends on Saturday about all the wonderful ways she helped everyone in her life, not surprising at all. We can all learn from her character, warmth, energy, and commitment to others. I will miss her smiling face and laugh and will pray for all those who grieve that peace will come. God bless all her family and friends and especially her son Ja-Mel. Thank you for sharing your heart and talent on the piano Saturday, it was a gift to all of us. You are an impressive young man and your Mom loved you dearly. Take care, Maura Kibbey*

JWendy was one of the most real (genuine) people I have met. She did a good job living life; that is what's this limited time in the universe is for, right? She will live on in my actions too: I will take some of that. Thanks.

“ JWendy was truly amazing. Her smile and enthusiasm were infectious! She was a truly kind person whom I am glad to have met along the way. We worked together a short time and I can tell you she was very professional and capable. She often spoke about her son and was so proud of him graduating soon! She will always be with you. Always.

May God bless her beautiful soul. I will miss JWendy and really feeling the void.

“ We started on the same day at USP almost 13 months ago; however, it seemed I knew you forever. So easy to talk, always a smile, always a praise and a "let's do it" attitude. I feel blessed to have met you. I am sure you are going to make heaven brighter. I just ask the Lord to give your family the serenity and strength to go thru this extremely difficult time.

I met JWendy at a USP training course when I first started and would see her around the building. Her positive attitude and warmth stood out. Her smile lit up the hallways and her generosity of spirit was contagious. We are the richer for having known her.

“ I have known Jwendy for just over a year. In that short period we learned that we shared many things in common including both being from Baltimore. Her vibrant and vivacious personality was very inviting and comforting. She was always the first to give praise and appreciation for a job well done. May the family find solace during this difficult time. Andrea (USP co-worker)

*Never thought I'd lose you, But here I am, Standing alone,
Without you by my side, We're sisters for life, We promised,
But now you're gone, I don't know what to do, Without you,
I'm going crazy, I'm trying to hold on, To keep strong, But it just doesn't
feel right, I'm waiting here, My arms wide open,
Tears running down my face, Ready for your return, Even if it takes
forever, My sister...*

I love you Wendy with all my heart. You will be truly missed.

"Still hard to accept you are gone. Looking at your smiling face as I write this leaves me heartbroken. We shared our experiences, our family and most recently, the PMP! You had just shared an email on how to study and I was so busy studying I didn't respond. So thank you now... for your encouragement, warmth, smile and friendship. As I take my exam, I'll think about that poster and how you said it clicked right before the exam.

Heaven has another angel for sure! I know you will be watching over the family you left behind and will continue to pray for them and all those whose life you so beautifully touched.

Rest in peace my dear friend."
