“ Hi ! Stevenson's ! May knowing that others care help to heal the pain of lossing a dear one in death breaking the circle of life for all. Mr. Jesse was 76 years old, young. The bible say that some person will live to be 70 years old and others because of speical mightness 80 years.Imagine living for ever never dying at all, there are so many things to see and enjoying doing that it will take forever to do them in the near future as the bible say Ps.145:16.I am sure that Mr. Jesse accomplished many thing during his life time. May all the many cherished memories entrusted to you all stay close on the journey of life.##imported-begin##Lillian Crosby##imported-end##

“ *If We Could Put Time In A Bottle* If we could put time in a bottle, you would still be here. If we could put time in a bottle, we wouldn't feel lost and confused. If we could put time in a bottle, this pain wouldn't hurt so bad. If we could put time in a bottle, we would spend just a little more time with you. If we could put time in a bottle, there's no telling what we'd do. If we could put time in a bottle, we'd laugh more, talk more. If we could put time in a bottle, we'd call more often just to say we love you. If we could put time in a bottle, we'd show you exactly what you mean to us. But alas, we can't put time in a bottle for there is never enough time to show those you love exactly how you feel about them. Since we can't put time in a bottle, we'll keep you and your memory locked away in our hearts. Kisses for scrapped knees & elbows we'll always remember. Stern warnings & tough love too. On days where we feel low, we'll pull these memories out and remember you for who you were: Our father, mentor and friend. If we could put time in a bottle, you would still be here.##imported-begin##Noona & Kim##imported-end##
