“ Dad

*I'm at lost for words because for the last week I called, but your voice wasn't heard'
I knew you were troubled and hurting inside, so I tried not to bother you. But when I heard the news that the pain had went away. I didn't know how to take it I was mad in away. Because of your strength and your determination, it made who I am in spite of the complications. Your my life, my world, and you should know this, I wish that I had one last time to say I Love you and you will be missed.*

“ Dad, I'm going to miss you and receiving your calls, "hey girl, it's your pop". I will cherish all of our memories, remember the fun times, and laugh when I think of your loud snoring. Thank you for molding me into a good mom, to know that boundaries and discipline help to make you into a responsible person. I love you....Denean
