“ I would like to extend my deepest sympathy to the family and friends of Joseph Anderson, Jr. Losing a loved one in death is a painful time. This is a pain that Jehovah God promises will one day no longer exist (Revelation 21:3,4). May you take comfort in knowing that our loving Heavenly Father promises us that soon all those in the memorial tombs will come out to life on a paradise earth by means of a resurrection (John 5:28,29 and Psalms 37:29). As you await the fulfillment of this promise, may you find comfort from "the Father of tender mercies and the God of all comfort who comforts us in all our tribulation" (2 Corinthians 1:3,4)##imported-begin##S. “ Dear Joseph's Family, My husband and I wanted to offer our deepest condolences. If we may, we wanted to leave a few scriptures that have helped us in some painful moments in our lives. (Psalm 139:23, Psalm 38:8, Luke 7:11-17, John 11:11-44, Jer. 29:11,12 John 5:28,29) Maybe these can ease your pain some. Please take care and know there are people out in the world that do care---we just wanted you to know that. Sincerely, William & Lisa Mooren###imported-begin##William & Lisa Mooren###imported-end##

“ I would like to convey my condolences for the loss of your loved one. Sickness and death was never part of Jehovah God's original purpose because time indefinite was put into our hearts (Eccl.3:11). John5:28-29 and Acts24:15 assures us that all those who have fallen asleep in death will have the opportunity to live again by means of a resurrection on a paradise earth (Psalm37:11,29). Continue to draw close to God in prayer and he will sustain you during this difficult time (Psalm55:22).###imported-begin##C. Murphy###imported-end##

“ To the family and friends of Mr. Anderson I would like to express my deepest sympathy for the loss of your love one. May this scriptural thought help you found at Rev.21:4 which really express how Jehovah feels about death and what he will soon do. May this thought bring you encouragement in your time of grief.###imported-begin##Derek###imported-end##
