July 02, 2010 at 02:21 PM

“ Hey Patti Cake, Although I never had the pleasure of physically meeting Ms.Juanita - When I think on her the word "SMILE" comes to heart. From what I know,she was a woman who "Lived" her life and "Loved the Life she lived". One who obviously understood we only have one life to live, Someone who knew that life is to be lived and Life is what you make it. One not restrained by the "harsh" cares of this world but rather one who chose to understand that it is what it is. She obviously was a beautiful woman inside out, one who will never be forgotten - One who, when thought upon will make you smile if not laugh. One who we could definately learn a lesson on living from, one who will be greatly missed. My heart felt condolences to you and your family. SMILE##imported-begin##Author Wilson##imported-end##

“ The lord saw you getting tired and a cure was not to be, So He put his arms around you and whispered, Come with me." With tearful eyes, we watched you suffer and saw you fade away, Although we loved you dearly, We could not make you stay. A golden heart stopped beating, A beautiful smile at rest, God broke our hearts to prove he only takes the best It's lonesome here without you,we miss you so much each day, Our lives aren't the same since you went away when days are sad and lonely,and everything goes wrong,we seem to hear you whisper,"cheer up and carry on." Each time I see your picture,you seem to smile and say,"Don't cry, I'm in God's keeping, We'll meet again someday." Be strong Jessie & Josephine A'dona Tory Tony Chanel our prayers are with you all###imported-begin##JANICE HARRISON##imported-end##

“ I offer my sincere condolences to the family for the loss of Juanita. Have you ever wondered why people lived so long back in biblical times? It was normal for people to live 700, 800, or even in some cases 900 years. Methusaleh, the oldest living man recorded, actually lived to be 969 years old. Genesis 5:27. Now most people live to be 70 or 80 years old or somewhere around that number, which is in harmony with Psalm 90:10. So why did our life span go from so many years to so few? It goes all the way back to Adam and Eve. When God created them, they were perfect, because everything he does is perfect. Deut 32:4. They were actually created to live forever, and if they had not sinned, they never would have died. The word sin means (to miss the mark) They were now imperfect; their bodies began to break down, and eventually they died. Because we are their offspring, this sin and death was passed on to us. The people living in biblical times were closer to perfection than we are, and as hundreds of years passed we got further and further away from perfection, so man's life span became lower and lower. This is really sad what Adam brought upon us, but by the ransom paid by Jesus, he will undo what Adam did to us, and give us an opportunity for everlasting life. John 3:16 tells us, "For God loved the world so much that he gave his only-begotten son, in order that everyone exercising faith in him might not be destroyed, but have everlasting life. Yes it's true that Adam's disobedience brought sorrow upon us, but by the love of Jehovah and Jesus we will be able to come out from that condemnation. 1st Cor 15:22 says, "For just as in Adam all are dying, so also in the Christ all will be made alive. May you find much hope and strength in all of God's promises.##imported-begin##R Johnson##imported-end##
