“ *Kamau was my friend from the very first day of high school. We connected on Prince,books,art. We made tapes for each other,passed notes daily..not romantic, just like minded..I called him KaPow because for a quiet person he knew exactly how to get to the point,ask pertinent questions, hit the mark. We reconnected through social media and it was like nothing had changed except the topic of conversation. We spoke of our families, trying to care for our parents and plans to meet. Now it will take even longer than expected but,until we meet again my dear friend...I wish you heaven*
