

Kandyce Williams

January 11, 1988 - September 29, 2005

KANDYCE SHAREE WILLIAMS, daughter of Cheryl Williams, was born on January 11, 1988 in Baltimore, MD. She departed this life on September 29, 2005. Kandyce was educated at Wellwood Elementary School, Sudbrook Middle School, and Western High School. For the last two years, she was home schooled through the Upton School due to her illness. Kandyce was a bright student who excelled in French and English. She loved to write from a very young age and as she got older, she developed a love for art as well. Kandyce enjoyed traveling and spending time with friends and family. She was affectionate and loving but more than anything, she loved to laugh. Kandyce was diagnosed with Chronic Myeloid Leukemia in the fall of 2001. After her diagnosis, Kandyce was given the opportunity to experience many new things. She was able to travel thanks to the Believe in Tomorrow and Make-A-Wish foundations. She attended Camp Friendship through the Carol Jean Cancer Foundation and held this as one of the best experiences in her life. Throughout her treatment, Kandyce won the hearts of her staff at Sinai and she grew to have special relationships with many of them. Kandyce is survived by her mother, Cheryl Williams; grandparents, Bertha Bourkel and James Winters; parents, Andrea and Clayton Washington; sisters, Alisa, Angela, and Anitra Washington; uncles, David Denmark and Barry Bourkel; cousins, Barry Jay, Brandon, and Cherie; aunt and uncle, Carolyn and Roland Anderson; beloved boyfriend, Josh; and a host of other relatives and friends. The family would like to issue a special thank-you to the staff at Sinai Hospital

in Baltimore, MD and the National Children's Medical Center in Washington, D.C. Your unrelenting commitment and professionalism during Kandyce's care is greatly appreciated.

“ *My sincere condolences to the family. It seems so unfair that death should have the power to take away someone we love. However, the bible gives us the needed strength to cope. Jesus said at John 11:25 that he is "... the resurrection and the life. He that exercise faith in me, even though he dies, will come to life..." May this scripture strenghten you all as it did me.##imported-begin##V Adams##imported-end##*

“ So sorry for your loss. The Bible makes it clear that sickness and death were not a part of Jehovah God's original purpose for the human family. But He does promise in the Bible that He will "swallow up death forever..."(Isaiah 25:8) We anxiously look forward to that time!###imported-begin###Lockley###imported-end##

“ My deepest sympathy during your time of sorrow but know that the God of comfort is with you all during this time of tribulation. (2Corinthian 1:3-4) Due to the many unforeseen occurrences that brings tragedy to our lives Jehovah God promises one day soon Death will be no more (Rev 21:3-4) and his son have been given the authority to bring all those in the memorial tombs back to life. John 5:28-29 Just think there will come a time not only will death be no more but Jehovah promises that no one will have to say I'm sick according to Isaiah 33:24. I feel the need to express these words of hope because so many of us today treasure the gift of life and we do all we can to maintain it to hold on to it. That is why it hurts so badly when our loved ones die. With so many of us desiring life today no matter how good or bad it is we still want life here on earth. No one looks forward to that time of death. That is why I am under obligation by the spirit and love of God to share that hope that is in our near future that the righteous shall inherit the earth and reside upon it forever according to Psalms 37: 29 along with the above stated promises on a paradise and peaceful earth. We all can hold true to this everlasting promise because Isaiah 55:11 states all the words Jehovah have spoken WILL NOT RETURN WITHOUT RESULTS. What a wonderful prospect for our future especially enlight of the fact that Hebrews 6:18 States of God, it is IMPOSSIBLE for him to lie.##imported-begin##Carter##imported-end##
