

Lawrence Augusta McCray

June 28, 1951 - April 21, 2006

LAWRENCE A. McCRAY JR., also known as "Man" to some, son of Bertha Hatcher and Lawrence McCray Sr., was born June 28, 1951. He departed his life on April 21, 2006 unexpectedly. He received his education through Baltimore City public schools, graduating from City College where he was an active member of the football team. Lawrence attended Washington College and Johns Hopkins University where he studied substance abuse. He loved music and was a singer and bass player for the Duponts in the 1960's. Lawrence has worked for the State of Maryland, Walter P. Carter Center, for over thirty years as an addictions counselor. He was also a very involved member of the MCEA (Maryland Classified Employees Association) Chapter 32 and was a delegate for the MCEA Convention. In 1972 he met Patricia D. Chamberlain and married in 1975. Out of this union came three daughters, Tania, Tiffany and Lauren. Of all the awards and accomplishments, Lawrence should have received the Mr. Congeniality award because wherever he went he made friends and was well known for his style of dress and his signature skunk-greayed hair. He will be forever missed. He leaves to mourn: a wife, Patricia D. McCray; three daughters, Tania, Tiffany and Lauren; grandson, Simeon J. Watson; brother, George W. McCray; sister, Carolyn Turner; sister-in-law, Carolyn McCray; five nieces, Kim, Melissa, Manesa, Debra and Donna; nephew, Kevin; great-aunt, Julia Sutton; plus a host of other relatives and friends. He also leaves behind a very special friend also called a sister, Christina S. Lewis.

“ My deepest sympathy during your time of sorrow but know that the God of comfort is with you all during this time of tribulation. (2Corinthian 1:3-4) Due to the many unforeseen occurrences that brings tragedy to our lives Jehovah God promises one day soon Death will be no more (Rev 21:3-4) and his son Jesus Christ have been given the authority to bring all those in the memorial tombs back to life. John 5:28-29 Just think there will come a time not only will death be no more but Jehovah promises that no one will have to say I'm sick according to Isaiah 33:24. I feel the need to express these words of hope because so many of us today treasure the gift of life and we do all we can to maintain it to hold on to it. That is why it hurts so badly when our loved ones die. With so many of us desiring life today no matter how good or bad it is we still want life here on earth. No one looks forward to that time of death. That is why I am under obligation by the spirit and love of God to share that hope that is in our near future that the righteous shall inherit the earth and reside upon it forever according to Psalms 37: 29 along with the above stated promises on a paradise and peaceful earth. We all can hold true to this everlasting promise because Isaiah states all the words Jehovah have spoken WILL NOT RETURN WITHOUT RESULTS. What a wonderful prospect for our future especially enlight of the fact that Hebrews 6:18 States of God, it is IMPOSSIBLE for him to lie.##imported-begin##Carter##imported-end##

“ To the family, so very sorry you had to experience the pain of losing your loved one. Death is so unfair. We never should have to endure such pain. It was never a part of God's original purpose. No scientist has the answer as to why we die. Only the bible gives us the truth to this question, and how death will be eliminated. "At Romans5:12 we read; "Through one man sin entered into the world and death through sin, and thus death spread to all men , because they had all sinned." So through the genes of Adam we all inherited sin and death. Thankfully through the great love of Jehovah God he has purposed to end sickness and death in the vey near fururre. 1stCor.15:26 tells us; "As the last enemy, death will be brought to nothing. Also please read Isaiah25:8, Daniel 12:2, and Rev.21:3,4 for more comfort. So doctors can sometimes extend our lives, but only Jehovah can and will restore life back to us. Please be comforted by that promise.##imported-begin##R
