“ *Please accept my condolences on the loss of your loved one. Death is such a painful event in our lives, and so very hard to cope with. This was never God's purpose for people to grow old, get sick, and then die. When we think about how long people lived in the beginning, it helps us to realize that God has a wonderful purpose of everlasting life in store for obedient mankind. The bible says that Mesulah lived to be 969 years. One day we will live forever, because this is the promise of Jehovah who cannot lie. Heb 6:18. Then the dead will be brought back to life, and will hear the voice of God's son Jesus and wake up to happy conditions, according to John 5:28,29. May you find joy in this hope, because it will without fail come true.##imported-begin##R Johnson##imported-end##*

“ To the family and friends, I offer my condolences. It truly is unfortunate that we must experience the sorrow associated with the loss of one we love. May you find comfort and strength from the "God of all comfort" (2 Corinthians 1:3,4) who promises at Isaiah 66:13, "Like a man whom his own mother keeps comforting, so I myself shall keep comforting you people."###imported-begin##Gwen Winston###imported-end##

“ I am sorry to learn about the death of Lucy Mae. This must have been a difficult time for all of you. I'm forwarding scripture that will comfort you. Psalm 90:10 says that the usual human life span is 70 or 80 years. (compare 5:3-32.) Hebrew 9:27 says..It is reserved for men to die once for all time. This, too, was true when it was written but not the case before God passed judgement on sinful Adam.###imported-begin##JT Nunnally###imported-end##
