“ *Aaron & Maddress and family. Your Mom was a real inspiration in my life as a patient at the office. She had class, grace and a joyful personality. Getting to know her and tasting her homemade lemon maraine pies lets me know that she was a great Mom, putting love in all she did. I know she will be greatly missed. Our prayers are with you and all the family. May God continue to comfort and bless Terry & Andy Dr Duane Bryant & Staff###imported-begin###Terry Potillo Jones###imported-end###*

“ *I would like to express my condolences to Ms. Long's family and friends. The loss of a dear loved one can be very painful and difficult to bear; that's why the Bible calls death an enemy. But God purposes to do away with that enemy, death and then "many of those asleep in the ground of dust will wake up." -1Corinthians 15:26, Daniel 12:2. This is the promise of "God, who cannot lie." - Titus 1:2. I encourage you to comfort your hearts through a study of the truth found in God's Word, the Bible.###imported-begin###Valerie Johnson###imported-end###*

“ I wish to extend my condolences to your family at this painful time in your lives. I too know how it feels to lose a loved one. No other event that we go through in life touches us so deeply. I hope you receive much comfort and uplifting thoughts from those who care, and most of all I hope you turn to God's word which gives us the answers to life's most perplexing questions. It tells us why we die, and even more importantly how Jehovah God purposes to end sickness, violence, and death forever. All tragic events will soon be a thing of the past. All those asleep in the dust will soon wake up, according to Daniel 12,2. Notice this comforting promise found at Rev 21,4. It says, "And he will wipe out every tear from their eyes and death will be no more, neither will mourning nor outcry nor pain be anymore. "The former things have passed away." I pray these scriptures bring you much comfort, and I hope that you continue to consult the bible, God's word of truth.##imported-begin##R Johnson##imported-end##
