“ Healing happens slowly over weeks and months and years and even then, there will be days when memories call fresh tears. A song, a scent, or photograph keeps your heart in touch; with all that you so treasured in the one you miss so much. Live with your good memories, as they will add to your comfort, which comes from knowing that your grief is shared and understood.##imported-begin##Brenda Royster (Nina's Cousin)##imported-end##

“ If only there were something that friends could say or do, some way they might express their thoughts and help to comfort you, and yet, perhaps, just knowing that there are those who care, will help at least in some small way to ease the loss you bear.##imported-begin##The Colston Family##imported-end##
