“ *I had only known Michelle for about 2 years. She came to us here at Westminster from the Hermitage and it was such a privilege to have her on our team. Having her here with us, the sun always shone a little brighter and the days were always filled with happiness and laughter. My Michelle you will always be in our Hearts. You will always be with us. We love you and cherish the thought of you smiling down upon us.*

*Love you Always
Diane*

I knew Michell for years we worked together back in the day even though we haven't seen each other in years when I was at work and walked into her room I know exactly who she was it was like we picked up where we left off reminiscing about the old days where we use to hang out I would go in her room before I left to go home and we would chat it up . My heart was filled with sadness when I came back to work the next day and she was no longer there..I will always miss you Michell
