“ Monie, you know that I love your dearly and I want you to know that you will be greatly missed for your spirit, independance, and strength in the face of illness. You lived life to fullest. In our years together we, we grew from little girls to women and were able to experience it together. It's not often that you stay friends with people in this world that long. “ Monica you were a very special friend that I met through Chello. I'm glad we had times together that we can reflect all of the good things in life. When times were getting hard for you you made the journey to our church and were given special prayers for your condition. I know you are in a better place now. We will keep the faith and one day we all will meet again. Mrs. Mary keep your head high Monica would want that very much. Just remember all the good times and her love for everyone else.
