*Thank you for your kindness to my two children attending summer camp years ago. When my daughter was later accepted at Hopkins, she could not wait to find you there. She loved to visit with you and she told me how you always made her feel special. You looked after her as you did all the students. You made a huge impression on our family and you are so missed. Ann Marie has two more years at Hopkins and we will carry you in our hearts always. Our prayers are with your family.*
