“ Many years ago Dr. Myschelle W. Spears and I walked into each other's lives and both of our lives changed forever in a remarkable way. We shared some wonderful times together and that will will NEVER be forgotten. Myschelle has been truly my inspiration, mentor and most importantly my surrogate mother. We have shared the best of everything and this year she was looking forward to being at my graduation. As she often said "I will be there and will be the first one to call you doctor".. I always chuckle at that statement and it saddens me that this desire of hers was not fulfill. But my Myschelle will not be forgotten... I will inscribed your name in my acknowledgement section of my dissertation. As I watched you during the last week I am ever grateful for everyday we spent together for the past few months. Your concern, unconditional love you poured into my life will leave on forever. There is no more pain and suffering. You are in a better place!!! Rest in Peace...

“ I was blessed to have Dr Spears as a teacher in 5/6th grade and then again this past semester at WAU. She was an amazing inspiration to my classmates and to me. Her loss will be deeply felt.
