“ I send my deepest sympathy to the family of this wonderful lady. I have worked with Priscilla for only a few years but she was like "Mama" to me and all she touched. You could always count on her loving words to comfort you or for her to get on you when you were acting up. I will truly miss her with all my heart. I know she is in heaven with her mother smiling down on us all. And I know she is dancing up a storm knowing Obama became our President. She was so excited to be voting and had gotten several young and old to register to vote. Please know that this woman will never be forgotten in our hearts.##imported-begin##Monique Brewer##imported-end##
