“ *I was saddened to learn of the passing of my dear Fraternity Brother. When he and I met in a Chapter meeting, we noted that we both became members in the Spring of 1979 and thus we were "Sands". Even though we rarely saw each other, when we did, we made sure we connected. I knew he was a great person as expressed by many of the tributes that have been posted and I can concur. He will surely be missed. May the family continue to celebrate those fond memories while mourning his loss. Be at peace, My Sands.*

“ *Proctor you will be missed by all you touched. It was not only your co-workers who respected you. The Baltimore City Employees that came through your classes for training had the highest respect for the training as well as the guidance that you shared with them. I got the chance to work with you on the financial side of things as well as your support with Youthworks, which allowed me to see how detailed and diligent you were when working on any project. I am so sorry that we don't get to be in your presence anymore, but your memory will live on as you were an integral part of the Office of Safety & Training as well as the whole of Baltimore City Department of Public Works. You are in a better place and GOD has you and your family in his hands. I have been Blessed to have work with you.*

“ *It is with heavy hearts and profound sadness that we learned of the passing of Proctor. Please accept our deepest condolences and sympathies during this difficult time.*

Proctor was not only a supervisor but also a mentor, leader, and friend to many of us. His dedication, wisdom, and kindness have left an indelible mark on all who had the privilege of working alongside them. His absence will be deeply felt, and memory cherished by all who knew him.

During this time of mourning, please know that our thoughts and prayers are with your family. We understand that this loss is profound and that words may offer little solace. However, we hope you find some comfort in knowing that Proctor was admired and respected by all who had the honor of knowing him.

As you navigate through this difficult period, please remember that you are not alone. If there is anything we can do to support your family during this time, please do not hesitate to reach out.

With heartfelt sympathy,

Jimmi Feaster,

DPW/ Office of Safety Training and Professional Development

“ To my true and loyal friend, I called him Proc. and we started the same time. He was a man of integrity and took pride in every task he took part in. Always the first to report for duty and the last to leave. He truly led by example ,always pushed me to be my best. A man of perfection when it came to setting up and teaching his classes, he taught me so much. Proctor was a very dignified man who believe in "Teamwork". He believed that no one sum is ever greater than it's whole. It was all about the Team. Hey Proc, here's the deal, your legacy of excellence will always be engraved in our hearts and we thank you from the bottom our hearts for your dedicated service. "RIP" Proc ! Much Love !!

My deepest condolences are with the Galloway family and friends. May you find comfort in these trying times. TGBTG Amen

Proctor was a good guy that was a semi-quite giant. He was loyal with his family and friends and if you needed him he was there. We had so much fun in the marching band at Virginia State. We had our stuff right!! Will miss you bruh. RIP my friend. 🙏🏻🕊️🌟🌟🌟

“ During this challenging period, our thoughts are with you all. We pray for your strength. One fond memory I have of Proctor is from the 2022 Neighborhood Christmas party, where we enjoyed a lively game of Pictionary together. Proctor brought delicious juice that enhanced the festivities. We will really miss him, and speaking as we pass by.
