“*Ray as I would call him was my brother and friend we always had so much in common we liked to do some of the same things and conversations was always good.I can admit that we did bump heads once in a while but he would call the next day or two or I would call him and it would be like nothing ever happened.I so much wish that the last time I saw him which was the Friday and Saturday before he passed I would have told him how much I loved him even though I know he knew I did.I will truly miss my brother we would always reminisce about our childhood, laugh and joke about so many different things I know our heavenly father has him wrapped in his arms. Rest in heavenly peace my brother.*”
