I know you watch us from heaven I feel you in my house everyday. I just need you back you were my safe haven, the only person who I could confide in. She looks just like you and me 😊 I'm so happy that she look like you cause now I have my very own little you to look at. She's just the cutest and happy baby ever. Her and Bella together are too much lol in a good way though, Bell is so overprotective it's so cute. Brook fight Bella all the time and Bella just let her lol mommy I miss you so much it's crazy, I can't wait to be reunited with you again and see that beautiful smile of yours. I don't even know how to be happy anymore. I miss out talks. Us just being stupid. I lost that part of me when you left me. I feel like I don't have anybody. “ Happy Birthday Up There In Heaven 😇 Nita 😇 🎉 🎂 🍰 🍰 Not a day goes by that I still don't question WHY!?? Why HER God?!? I know you were in a lot of pain, but the selfish part of me couldn't let you go. I regret everyday not saying that “it was ok” when you kept asking me. Up until your final words in the ambulance, I should have said it 😭😭😭😭😭 I'm not sure if that is what torments me the most about this situation... I have a lot of regrets 😭😭😭 You MADE me promise to NEVER leave your side and I DIDN'T... NOT ONCE!! BUT YOU LEFT MINE 💔💔💔💔💔💔💔💔💔💔💔💔💔💔💔💔 I LOVE YOU ALWAYS 🥺🥺🥺🥺 Still praying that this gets better 🙏🙏🙏 I MISS YOU MORE THAN WORDS COULD EVER EXPLAIN!! Love your baby sis, Peachie 🥺🥺🥺🥺🥺

“ Hey ma! I forgot to come give you an update but Bella is here!!! She was 6lbs 6oz...now she's 4 months and 14.5lbs😭 she's a little biggums lol she's a good baby overall unless she's hungry, sleepy or just want to be a brat. I know you be talking to her cause she's always looking up laughing out loud and smiling. Continue to pray and watch over us please mommy. We love you 🥺🙏💕

Ra'Shauna Jefferson - June 22, 2019 at 10:41 PM

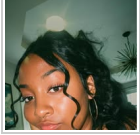

“ Hello mother ❤️ Just came by to fill you in on something's. For one my baby shower was freaking AMAZEBALLS! Francene did her thing as usual with decorating. Denise got the most beautiful cake ever! I wish you was here to see how everyone helped me make this baby shower one to remember. So I'm due next Thursday and I currently have the flu. If I'm not dilated enough by my last appointment next Tuesday then I will be getting induced. I can't do this anymore. My body aches, I'm always sick I can't be pregnant for another darn on week lol and my doctors already talked about it with me so they agree with inducing me so I'll let you know if I will be getting induced or not. Well I'm about to go take a bath and relax. Tell your stubborn granddaughter she needs to come on. We love you ma 🥰

Ra'Shauna Jefferson - February 07, 2019 at 09:48 PM

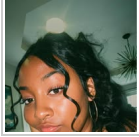

“ Good morning mommy! Woke up thinking about you like always. I can't say things are getting any easier but they are manageable. James and I are doing what we need to do at home before your granddaughter gets here. I just miss you so much there are times I just don't want to get out of bed nor leave the house. I have my moments when I get depressed and don't know why or can't explain it to anyone why I'm down it just happens. No one understands how I feel and why I feel the way I do but hey it's not meant for them to understand me right? Well no one tried to understand or ask why I feel the way I do and on top of being pregnant it doesn't make it any better. I try not to get so depressed because I know babygirl feeds off of my energy but I can't control it sometimes. Well let me call gami and vent to her, she always understands me other than you and James crazy behind lol I love and miss you mommy....talk to you later 🥰

Ra'Shauna Jefferson - November 24, 2018 at 08:07 AM

“ Hi Mommy...I know you probably already know this but I miss you so damn much. Like going through this pregnancy really makes me see how I need you more than ever right now. I need that mother love and attention and advice. I need help with my baby shower,life and just overall everything. You and god are the only two people I can turn to right now. I know everyone else would call me selfish and a brat like they always do so that's why I'm keeping James and I problems with this shower to myself. His mother and aunt are a big help but you know there's nothing like that mothers touch. I know if you was here all of this would be done by now. I'm handling it well I just had a lot of road blocks along the way but I think I'm doing a pretty good job considering I have no help. Well if you can help me from there can you?...James and I would really appreciate it. I love you my pretty angel. Talk to you later 🥰👉👈👤

Ra'Shauna Jefferson - November 23, 2018 at 10:39 AM

“ Mommy!!!! I forgot to come and tell you even though I know you was there the whole time....James and I are having....A GIRL !! 🎀
💖 I know this is what you wanted all along lol I know you gave her to me because ever since you went away my heart hasn't been whole but this little girl isn't even here yet and I'm filled with joy. Now I know how you felt when you were pregnant with me. I can't wait until she is born so I can tell her all the things you and I did together. Show her photos of her beautiful grandmother 😊 I know she'll look just like you because I look like you now lol Oh we're naming her Bella Rhy'Ann 🎀 like I've asked you before to look over us during my pregnancy I need you to continue to watch over all of us the duration of the pregnancy. February 14th is when she's supposed to come so I pray that she comes on that day. She's our love baby regardless but as soon as the baby shower is over I told James we walking around malls and everything to get my labor started 😭 well I just wanted to come and share this with you since I haven't talked to you in 4 months. Oh and I'm 6 months now and November 8th the day before your birthday I'll be entering into my THIRD TRIMESTER !! 🌧️ it's really becoming real every time I feel her kick 😊 okay I won't hold you any longer. I love and miss you mommy!! Tell granddaddy and uncle jimmy I love and miss them as well 🥰

Pretty Peachie - July 02, 2018 at 04:07 PM

“ Hey Nita 🙌 Well it's July again :(I'm trying REALLY hard not to shut down. I still miss you like it was yesterday that you left me. I still don't understand. I'm still angry! I know you are in a better place and no longer living in a world of hurt, but the selfish part of me wishes you were still here. Then I would have somebody to battle this hurt with me. Nobody understands me like you did :(Everybody takes my absence personal when it has absolutely nothing to do with them. When I'm down and out, nobody reaches out to me like you did and the one person that does is moving out of the state and leaving me too :(I don't know what I'm going to do... Well that is all, I just needed to vent because I thought about you all night. I love you Nita and I always will. Until we meet again, I will continue to see you in my dreams. I can't wait for the day that I can be with you again because life in this world SUCKS! I just need to make sure Kayla is good and can function on her own because I don't want to leave her in this world alone. She's a lot like me in many ways. But as soon as I feel like she's ok and doesn't need me anymore... I'll be seeing you! I Love You Nita!I never left you, as promised!

I'm sure as you can see I've been doing good also. James and I wanna say thank you so much for blessing us. We are ecstatic! Well me probably more than him lol only because I get to show my baby how you was a great mom to me so I know I'll be just as good. Mommy please continue to watch over all three of us. Keep us healthy, positive and just fill us with laughter and joy through this journey. I know you probably up there itching to see what your FIRST grandchild will be. You probably already talking to him (speaking it into extinction lol) telling him all about you. Wanna hear something very strange but nice. Loggie said he seen you at the mall one day ! He said he tried to go near you but you disappeared. I know he's telling the truth because he described you to a T! I wish he would've known you him and tootie but I know you'll make your presence known with them. Well I won't hold you long I just wanted to chat with you while I was on the toilet lol I love you and I'll be seeing you very soon since your big day is approaching. I promise 🙌👶💕 I love you and miss you mommy 🥺👶👶

I just wanna see that beautiful smile. I miss and love you mommy 🥰🥰🥰

Ra'Shauna Jefferson - April 03, 2017 at 02:01 PM

“ Hey Nita....I'm just going to keep this short and sweet...I just want to say thank you :) I felt you last night when I was at my lowest of lows and there was no one to turn too and no one was answering their phones, so I just sat and talked to you and you heard me! Today was proof of that! I love you so very much and I see now that you really didn't leave me! You stay with me daily! Love always, your baby sis Peachie

Peachie - July 07, 2014 at 01:11 PM

“NITA!!!!!! This is crazy!! I got an email alert directing me to your page, I don't know if it's a sign or not based on a statement that I made to Crystal. It's like you heard me and sent me a sign to let me know, but you don't have to worry, that will forever be ours. I will never leave you and I haven't. I remember when you made me promise you that I wouldn't, but it wasn't hard to do because I would have promised you that anyway! I know you hear me every morning, there is not one day that goes by that I don't think of you. What we had was/is irreplaceable! Never forget that and I won't either! When March's shut down the other site, I had a nervous breakdown and called Donald daily asking for help and guidance...He moved Heaven & Earth to get you back up for me! But directed me to a counselor :-/ And she told me that it wasn't healthy and I needed to find another way to cope and I needed to let you go. So Kayla won me a hello kitty stuff animal a week later at a carnival and since I couldn't write to you anymore, I started to talk to it just like it was you when I need to vent. Now, I can't be without it. For some strange reason it makes me feel safe and like a part of you lives within it. I can't sleep nor travel without it. Me and my kitty have been inseparable for 3 almost 4 years now. Everybody always cracks on it being dirty, but they have no idea what that kitty has got me thru. I have never told anyone what it means to me because I don't want to be judged and called crazy.... :(But just know that you are not forgotten and I'll always love you and I'll never leave you! Thanks for sending me that sign, it just re-assured me that you in fact have NEVER left me neither and I love you for that! Even in Angel form you make me feel loved and you always have and I thank you for that! Don't know how I would have got thru my childhood & my early adulthood without you! You made it really hard for someone to compete with the level of love that you gave to me! My expectations are high and that's why I get easily disappointed by ppl, but I've finally found someone that can compete and you would love him! Please continue to watch over me and stay with me! Remember we both promised *smile* I LOVE YOU ENDLESSLY! Love always baby sis Peachie!

“ Hey Mommy, I know it's late but you were on my mind lately so I decided to write you. How's heaven? Did you see uncle Jimmy yet? I know he was so happy to see you again. Y'all have a lot of catching up to do. I miss you so much ma, like some days I feel so defeated because I don't have you with me anymore. There's nothing like a mother's love I would do anything in this world to have you back with me. Call me selfish but you know how much I miss you. You were probably the only person that understood me. Things just not the same. Some days I don't know how I will get through them but something brush pass my body and I just know that's your way of telling me that you're by my side. I wonder why god chose my mother out of all people to become his new angel. I need you more than he does, who am I to call when I have kids and they act up lol. My kids won't be able to know how good of a grandmother you would've been to them. They won't get that love that you gave me growing up. It's just so much that we had to do in life and it got cut short. I swear I hate cancer, I wish it never existed, I wish you never had cancer. You would still be in my life right now. Life just isn't fair. I love you so much I'm sure you hear me say that almost everyday. I still stay to myself probably even more now since you left me. I visit your grave almost everytime you come to my mind. It's like when I'm there it's so peaceful and I feel like it's just me and you, the world just feel like it stopped when I'm there with you. Times when I'm angry or just take a ride you're the first stop I make and probably the only stop because you just still make things better even from heaven. How do you do that? You was truly an angel here on earth. I believe god sent you to create me and Tonya, to love everyone and once your work was done it was time to go back home. But I wish we had more time together there is so much I had to show you. Please guide me in the right direction mommy and continue to love me and nurture me. I need you the most right now. Well I'm bout to get ready for work. I'll talk to you later. I love you and miss you my pretty angel ????

“ Hi Ma,days like this is when I wish you was here the most. I feel like I can depend on no one like I just feel so I don't even know. Everyone has someone they can run to and ask for something but me its like who do I have to run to??? My grandparents??? That's barely making a way for themselves??? And my aunts have their own kids to take care of so I know for a fact I don't got nothing coming from them. So who's left? I just feel like I'm in this world alone I'm working but not getting recognized for that,I'm actually doing something with my life but haven't once got asked yet "so how was work" or even a simple Goodluck I'm proud of you. Don't nobody care about what I do anymore. So that's why I just stay away. I get frustrated easily a lot no one seems to even care to ask me what's wrong. All I get is a simple eye roll and twisted lips. If this is how it's going to be the rest of my life then I don't want it,I'd rather be dead before I continue living my life unhappy.....

Ra'Shauna - June 06, 2013 at 04:59 PM

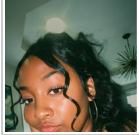

“ Hey Ma,I'm doing exactly what I told you I was going to do I'm making you proud. Got one job and another one hopefully on the way I must say for me to be 19 I am really becoming responsible because knowing how I was years ago I really didn't care for a job now I'm always on the look out for a job. I love the feeling of working for your "own" money. Its making me really grow up next is just paying bills lol im not quite there yet but once I get there i think I'll be cool I mean your my mother so why wouldn't I lol but just wanted to share the good news with you that's all. I love you goodnight my pretty lady

Ra'Shauna Jefferson - May 07, 2013 at 08:59 PM

“ *Hi Ma! Forgot to write this morning so good afternoon! Wondering what you're doing and how was your morning. I'm getting ready for work in a few,just decided to talk to you while I get dressed cause it feels good talking to you again feels like I'm really talking to you face to face when I'm writing on here. Well I gotta go but I'll be back tonight,I love you pretty lady ????????* ”

Ra'Shauna Jefferson - May 02, 2013 at 11:59 AM

“ Hey Ma, I don't know what happened to my comment maybe it was too long lol but I can't even remember what I wrote. But it was good finally being able to talk to you, I wish you was closer to home so I could go visit you everyday. It's just something about a mother's love that I cherish and wish I would've had more time on earth with you. You was truly a angel sent from heaven you was put here for one purpose and that was to love. I hope when I get older i can be half the woman you was because you are truly phenomenal and I just love that about. I hope I'm the same way with my kids I promise I will be there for them like how you was there for Tonya and I. Ummm I don't know what else to say lol you know I talk a lot to you lol I'm just so happy I can talk to you again everything I was going through today don't matter I'm just glad we can chat again. Did I tell you that I love and miss you lately? If not then I love and miss you so much! I often go back to when you passed away and I was just laying in your arms, your spirit may have left your body but it still felt warm and like me laying next to you late at night because I couldn't sleep. If I can have you back for one day one hour 60 seconds I would cherish every moment we spend together. You really don't know how I feel when you left me, we was suppose to been in this together but I guess you couldn't take anymore and I'm not selfish I understand. I'm just ready to be reunited with you now, the tears keep flowing but once I see you face to face again ill be okay. You know I'm strong I get that part from you girl lol can you just give me a sign or something that things in my life will get better? Well I'm ready head off to bed, I'll chat with you when I wake up. Love you my angel??goodnight sweet dreams, don't forget to visit me tonight again ?? I love you pretty lady ????

“ Hi Mommy, words can't explain how much I miss you and wish you was still here with me. I feel like I have no one, there's no love like a mother's love. Getting through everyday is a struggle, there's days when I wanna come home and tell you about my day my problem just LIFE period but then reality sets in, and I realize I can't. It's been almost 7 years and it still breaks my heart that you are gone. I see you in myself as I get older, I just wish you was here to share my special moments with me. Nekia had a baby, handsome baby boy, Amari Logan. I'm his god mommy, I love him for the both of us, I try to do everything for him for you and I both but I can't do much now cause I only been working for 3 months but once I get a stabled job I promise I will be the best godmother I can be. I wish things an go back to how they was because that's when I felt like I was living for a reason but now since you're gone I truly feel like I don't know what I'm living for. Each morning I try to think of why am I living? What am I living for but I get no answers. Maybe you will help me out cause I need you more than ever right now. I wanted to keep it short but I haven't talked to you in so long you're the only person I can vent to lol I know at least you never get tired of hearing my problems hearing me cry. That's what I miss most about you but also your love. Tear it up for me up in heaven my angel. One day god will reunite us but until then I'm going to keep my promise and hold it down here until we meet again. I love you so so so much and miss you even more. It's hard for me to end this but I got to go. I'll be back tomorrow. *kiss your cheek* alright talk to you later love you my angel ?????? ”

“ Hey Nita, Two years! WOW! Time sure flies...I still miss you oodles! It still feels like yesterday! I'm still holding true to my promise that I made you. I'm still here with you, I never left you and I never will! It still hurts sooooo bad and I don't think this pain will ever go away! Every morning I wake up hoping that it will be a lil easier and guess what? It doesn't! I know that you are ok and out of pain, but it is still hard. I feel great knowing that you are resting in peace, but it doesn't make this any easier! I miss you Nita and I always will! I love you Nita and I ALWAYS will! We are coming to see you later today....I wanted to give you the head's up on case you wanted to put your lipstick on, LOL! We always had that in common, our hair and makeup had to be on point at every moment! I miss that! I miss you and will see you later. Love you, "My Angel In Heaven"

“ Hey Nita, I was wondering if you seen Granddaddy yet or would you not see him until tomorrow after 2:30pm? Either way, don't forget to give me a sign to let me know when yall see each other. Other than knocking my tissue box off the toilet in the middle of the night...I'm not sure if that was you or Granddaddy because it was the same night that he passed...LOL! Let's just say that you & granddaddy better be waiting for me hand in hand at the gate opening, holding a ceramic tissue box when I get up there! I'm still missing you like crazy and yesterday made it worse...I was back at the place where it all began for you!! I felt the pain come rushing all back to me once I stepped in the room...Do you remember me being there with you? I forgot what magazine that I was reading you, but it was some foolish relationship article that if I was still able to hear your laugh...I knew that you would laughing at! Do you remember making me promise you that I would never leave your side (that wasn't a hard promise for me to agree to though)? Do you remember me not leaving your side, not one time? Ok, maybe a couple times...LOL..But I was forced too, March's wouldn't let me spend the night! I'm just wondering in my head, why I never made you promise the same to me? If I had of made you, would you still be here with me? Every morning I wake up with the thought that you are by my side in spirit...Me & Kayla still say good morning to you every morning before we leave out to start our day...We have now added granddaddy to the equation...And like always, I still beat her everytime to say it...LOL!! Love you Nita.....Still missing you like crazy....TTYL##imported-begin##Peachie##imported-end##

“ Hey Nita....Still missing you like crazy!! I'm having another one of those nights again...Not really sure what's going on, but I can feel that something is not right! You would be the one that I would call right now....I don't want 2 wake anyone else up & disturb them...So I decided 2 call you, just like old times...LOL!! I'm laughing at that statement, but I'm dying inside...Nita, I miss you tremendously! I'm not sure why I can't move on or get past it??? What's wrong with me??? Why can't I let you go??? I don't know if this site is helping me or hindering me! Maybe I am delusional in thinking that you are reading my messages, but I don't care!! I had started my own private journal that I wrote 2 you in & it's just not the same! I feel like because March's laid you to rest, that they can get my messages to you! Maybe it's in my mind as well, but everytime I write you, I feel something within that let's me know that you got my message! I would give ANYTHING to see you, hug you, kiss you, hear your voice one last time...I would even trade my own life...There is a lady in my training class that looks like you a whole lot! It brought me to tears in a instant! Then I became physically sick & I have been since I seen her! I don't know how I'm going to function for the next 5 weeks that I have to spend with her....I need help to get over this Nita...Maybe professional help...But I don't want to see anyone that's gonna encourage me to let go & forget you because I never will...Continue to watch over me Nita because I'm not doing good at all...Love you more than you can imagine, more than what's humanly possible :-(##imported-begin##Peachie##imported-end##

“ Nita, its so hard to imagine you aren't here anymore. Its hard to think that I can't call you up and say "Nita, guess what happended". My heart is so heavy right now, that its so hard for me to tell you how much I'am going to miss you. It started 22 years ago - 2 young girls starting high school together...we became friends and aftewhile we became "Best Friends" and then you became my "Sister" that I never had. We have gone thru so much together...we have had good times/bad times and joys/pains, but we always stayed together thru thick and thin. You were always there for me...my shoulder to cry on or my listening ear when I needed to vent. I hope and pray that you felt the same way and knew that I loved you with all my heart. I'am going to miss you so much, you will always be in my thoughts and prayers everyday of my life. Also, thanks for letting me become a part of one of the most loving families that I know (I love them all so much as well). I have so many memories/stories I can remember of all the "good times" we had, matter of fact its too many to recall (smile)!! Nita, you will always be in my heart forever and I will miss you dearly....love your best friend/sister.##imported-begin##Denise##imported-end##

“ Hello Renita (Nita). I just need to say God bless you for all you did for your Parents, Sisters and Children during your lifetime. You always respected me and my family. You are such an example that your family can hold on to forever. God is good and you knew that and I know you are with Him now. I am so glad I could be there for your family because you and your family (especially your Mother and Father) have been there for me during my trying times. Rest in peace because you have been such a strong person during your trials. Cookie, Frankie, Francine, Jessica, Peachie, Shauna, Tonya please know that I will be there for you all. God is in your corner. stay blessed. Cousin Gloria or Gloria.##imported-begin##Gloria Jiggetts##imported-end##

“ Please accept my condolences for the loss of your dear loved one. First Corinthians 15:26 tells us that our enemy death will one day be destroyed. There is hope of our dead loved ones returning to life with no more death, sickness, sorrow or pain. (Matthew 5:5, Luke 23:43 and Revelation 21:4) Acts 24:15 declares- "...there is going to be a resurrection..." May you receive much solace and strength as you think on these loving promises from the Bible.##imported-begin##Sharon Hill##imported-end##

“ Hi Nita, I know that it is 2 in the morning, but I couldn't sleep. I miss you so, so, so much. I don't know what to do. I'm lost without you. Kayla says a prayer for you every night before she goes to sleep. I usually would just call you and talk about my nightmares but I can't do that anymore. I called Denise, I know that she probably think I'm crazy for calling her at 2 in the morning but I didn't want to wake Francene or Jessica. Thanks for helping me and mommy find what we were looking for at your house yesterday. Even from Heaven, you are still a lifesaver....Carr said Hi!....Nita, I need you to help me be strong, I feel like at some point I'm going to have a nervous breakdown. Please, take the nightmares and all the heartache away. I know that is asking a little much..but you know me, I always had outrageous request..hahahaha. I'm about to watch the DVD that Donald (March's) made for you in a minute. Maybe watching it will help me sleep...Well, let me stop talking your ear off..as you can see nothing has change..I'm still a talker..hahaha..I Love You With All My Heart and always will. Good Night, more like Good Morning and I will talk to you later. Luv Peachie!###imported-begin###Peachie###imported-end###

“ Hey Nita, Yesterday was a really heceted day but everything worked out good. I miss you so much and I Love You so much. I'm still thinking that this is all a dream and I'm going to wake up and you will be here with me. I don't think that I will ever be able to accept the fact that you are gone. Each day I wake up, wanting to hear your voice. I know that you are ok up in Heaven because you were already an Angel down here on Earth. I just wish I could see you, just one last time to give you a big hug and kiss. I will never regret one day that we have spent together because there wasn't one day that went by that I didn't show you that I loved and cared for you and vice versa. I thank God everyday for Mommy and Daddy and how they raised all of us to be so close and respectful of each other. Even though you are gone from the physical, there hasn't been one day that we haven't talk about you. i just wanted you to know that you will never be forgotten because you still remain in my heart. I love you Nita and miss you so much. Luv, Peachie!###imported-begin##Peachie##imported-end##

“ Hey Nita, It is back to work tomorrow, we got alot done this week on your behalf with your help (I know that you were there every step of the way). I still miss you very much and each day that I write to you it still seems unreal that I can't actually talk to you in person. I'm still trying to cope with the fact that you are gone. I try to keep myself busy to escape that fact that you are now in Heaven. Trying not to think of you has to be the hardest thing that I have ever had to do in my life. It is not that fact that I don't want to think about you, but right now it is too hard. Maybe when I realize or grasp the fact that you are in Heaven, it will be easier for me to think about you. Right now, all I can do is cry ever time a thought or an image of you pops in my head. Everytime I have a conversation with Francene, Jessica or Denise, your name or something funny that you have done always comes to mind. Nita, please help me deal this. I don't know how to and I don't know what to do without you. I know that I am my own woman, but it seems like part if me die when you left me. I had you in my life the least amount of time and I can't function, so I can imagine how everyone else feels that made have had you in their life longer. I miss you Nita, please come back to me. Please, Nita..I love you so much..Kayla asked me about you today and all I could was cry, I had no answer for her..I don't even have an answer for myself. I know why you had to leave, but for my own selfish reasons, I didn't want you to go..I still wish you were here..Nita, please help me get through this..I know one day we will meet again, I just hope that you don't forget about me because I promise you I won't forget about you. I won't let anyone else forget either. Just watch over me and everybody else just like you did when you were here. Like I told you on Mother's Day, you are my more than my sister, you are and will always be my friend, my confidant, my angel and my soul reason for being. I Love You Nita, until we meet again....Good Night. Luv, Veronica Holmes (Sounds Cool, Hahahaha) Peachie##imported-begin##Peachie##imported-end##

“ Hey Nita, It has been a couple of days since I talked to you. Everyday, I swear it gets harder and harder to be without you. I cry everyday for you. Nita I miss you much that it hurts. I know that you hear me when I call out for you, but you don't answer. Why did you have to leave me? I still haven't come to terms with this yet and I never will. I need help and I think that I will get some..But no matter how much help I get, nobody or nothing will be able to take this heart out of my heart. The other day was Denise's birthday, I called and sung happy birthday to her...she wasn't doing to good. She misses you like crazy Nita, we all do. Nita, I swear I would give up everything I have and own just to have you here with me again. I wish I was the one that left, than I wouldn't hurt so bad. Nita, I need you...this is so hard. Nobody can ease this pain that i'm feeling. Nobody that calls can take it away. I'm tired of people saying that it will be ok and that it will get better....cause it won't..not for me it wont. It will never be ok for me that you are gone...I will hurt until that day when we meet again. In a couple of days, it will be a month since you left me..I cant be happy without you Nita, I try and I cant...I miss our late night talks, calling you when I couldn't sleep and vice versa..Nita, we have been through and done so much together, me and you...Nita, please help me...It hurts so, so, so, so bad..Please help me...I love you Nita...please help me get pass this..please..##imported-begin##Peachie##imported-end##

“ Hey Nita, It has been another hard week. It has been days since I last wrote to you, but I talk to you everyday just like I use to when you were here. I know that you can hear me. Kayla and Carr says hello. I know that if Micah could talk then he would be saying hello too.. You were the only one besides Johnny that showed him that you cared.. I miss you so much and everyday I wish that you were still here. We are handling everything just like you would have liked, you would be so proud of us. I will visit your grave soon, I'm just trying to build up enough nerve. Someone told me that my visit to see you would it make dealing with losing you easier. I doubt it, but I wont knock it until I try it. So I will come to visit you soon. I love you Nita and miss you so much. Wish you were here, Peachie..###imported-begin##Peachie###imported-end##

“ Hey Nita, It has been a long time, I thought that staying away would make this easier...but it doesn't. I still miss you very much and I wish everyday that you were still here. I'm still debating over whether or not I'm going to talk to someone to help me through this. You know me, and how I like to keep things bottled up. I know that is not healthy and I'm going to explode on someone that really doesn't deserve it. I miss you so much. I just wanted to know if you are mad at me about something? Everybody is seeing butterflies, but me. Did I do or say something that angered you? If so, i'm sorry. I only speak highly of you and I hope that you still love me and miss me like I miss you! Please give me a sign and let me know that you are ok. I'm sorry that I haven't been writing you, but I talk to you everyday and I know that you can hear me. I love you Nita and miss you everyday. Tonight will be the first night that I can't wait to go to sleep with hopes that you will visit me in my dreams. Goodnight, I Love you Nita.##imported-begin##Peachie##imported-end##

“ My condolences to the family and friends on your loss. Death is truly our worst enemy that we all long for relief from. Noone wants to have their loved ones pass away. It hurts so deeply, because we miss them so very much; their beautiful smile, the sound of their voice, and the wonderful times we shared with them. This enemy death; it"s just so unfair. Jehovah God has a purpose he established in connection with his son Christ Jesus, to bring about a peaceful paradise earth where sickness, death, and other tragedies will no longer have power over us to hurt us and take away our loved ones. This beautiful purpose will soon be fulfilled, because we are living in the last days of this evil, sad world. After Jehovah rids the world of all violence and pain, then obedient people can live forever in peace and happiness. A great ressurection is going to take place in the near future, and John5:28,29 lets us know that at that time, all those in the memorial tombs will hear his voice and come out.' Please keep these thoughts near and dear to your heart to comfort and sustain you.##imported-begin##R Johnson##imported-end##

“ Hey Nita, It has been over 3 months and it still hurts. I miss you so much. I have done everthing that you have asked of me, I hope you are in Heaven smiling down on me. Do you hear say "Good Morning Nita" to you every morning? I don't think that I have ever missed a day saying it. I will never forget you, my hurts too bad to forget. I thought that doing everthing that you asked would give me the closure that I needed and truthfully, it didn't. I think that it is because I don't want closure. Closure would mean that you are really gone and I refuse to believe that, you will be back. I'm waiting for the next knock on the door to be you. Nita, please come home to me. I miss you, I can't go through life and be happy without you. I Love You Nita, painly signed Peachie.....##imported-begin##Peachie##imported-end##

I feel selfish cause I don't see it that way. The only people that really believe that are those who weren't as close as we are. I will never believe that you leaving me was best, I want you here with me. I love you Nita and always will. Please come back to me.###imported-begin###Peachie###imported-end###

We all went out to dinner and I felt your presence...It is nothing like having you there but your presence will do....Jessica and Charlie are getting married, so I am excited about that. I wish you were here in body (cause you spirit is always with me) to participate in all the things that are yet to come.....You have been in my life for 24 birthdays and I miss you so much. I understand why you could not be here tonight and I Love You.....Did you see how the date changed on the previous notes that I wrote on your birthday. I guess it was your doing, I will never forget you Nita and I hope that you do not forget me.... “ Hello Renita (Nita), Happy New Year. I need to talk with you and let you know what you already know. You have been such an inspiration to your family. I admire you so much. Your mother and father are very important in my life and my family's life and I love them so much. They are an example for families all over. Your Mother is my best cousin and I admire her strength. Please ask God to continue to bless her and your family. You all have such a strong family bond so that means your children will be ok. Since your children were in the family mix, they have a transition from being with Mom to being with Grandmom and Granddad and Aunts and Uncles and cousins that will help them when they miss you. You can be happy about that. Since God is guiding your steps, your children will feel your presence. God bless you Nita, pray for your family and intercede for us all here on earth. Nita, my life is falling apart and I need your help. Nothing even matters to me anymore. I'm saying, doing and thinking things that I have never before. I don't know what to do, I need your guidance.. I considered running away, leaving everything and everybody and never coming back cause I thought it would take the pain away.. but I don't think that it would. I love Shauna and Tanya so much Nita, I probably love them more than I love myself. Everytime I look at them, it reminds me that you are gone. I need help to get past that hurt. Why did you have to leave me here by myself Nita? I know i'm not by myself but that is what it feels like. You see me everyday Nita and you can see that I'm unhappy. I just don't know what to do. What should I do? I'm trying to stay strong for mommy because I know that she needs me, but it is so hard. So I just stay away...I love you Nita and miss you so much. I dream about you all the time. I still wish that you were still here. I haven't seen you since your birthday. I haven't been back because your tombstone is up and seeing that will make me realize that you are really gone and I'm not trying to come to terms with that just yet. I'm still waiting for you to call or knock at my door. Nita, i'm still making moves to make myself happy. I know that you are watching over me and I hope that you are still proud of me. You always were my cheerleader, no matter what I did or said, you were always there to back me up. I was sitting here thinking and you know what Nita? I couldn't think of not one time in my life that you have dissapointed me or did me wrong. And I couldn't think of one time that I haven't been there for you or not done something that you asked me to do for you....and because of that, I'm proud...You have always been there for me and I for you...I'm just so sad cause I don't have that anymore Nita and I miss that..When everyone else told me "no"..I always got a "yes" or "i don't care peachie" out of you...and i always loved you for that and I always will...Please watch over Mommy and Daddy for me Nita..say a couple of prays for me too..cause I need them and i'm not ashamed to admit it either...I love you Nita and I miss you so much...See you later...I LOVE YOU!!###imported-begin###Peachie###imported-end###

“ Hey Nita, it's me again. I'm still missing you like crazy. It's raining and nasty outside and all I can do is think about you. I still wish you were here with me Nita. Sunday is Charles' birthday party, he will be one years old Nita. I just wish that you were here long enough for him to know you like we do. I'm pretty sure that he would have fallen in love with you just like everyone else did. I'm still taking steps to make myself happy. Everyone keeps telling me that I need counseling cause I'm still mourning for you. Maybe they are right, but I will mourn for you for the rest of my life Nita. Nothing will ever change, my love for you will continue to grow stronger each day. I miss you so much Nita and I can't stop saying it. I can't stop thinking about you. It will be a whole year that you have been gone in a couple of months. It doesn't seem like it has been that long that you have been gone. I miss you so much Nita that it hurts. I still dream about you all the time and I know that you hear me say "good morning Nita" every morning. I haven't missed a morning since you left me. I keep remembering the day when I was at work and you kept trying to call me, but you kept calling the police. You were delirious, but you just kept asking for me...I rushed home and ran to you and hugged you like I hadn't seen you in years and you hugged me back...All I can remember is you saying, "Peachie, you promised that you would never leave me" and I promised you that day that I wouldn't from that point on and I didn't. I was with you every step of the way, until the very end and Nita, I'm still here...I just wished that I had made you promise me the same thing, then maybe you would still be here with me...I don't know what to do, I need help. I need just one person to understand why losing you is so hard for me. I just wish that someone could change bodies with me for just one day, so they can feel the constant pain that I feel because you are not here..Nobody will ever fill the void that I have in my heart for you...You are my sister and my best friend and I need to just hug you one last time...that hug would make everything seem right...I just need someone to understand and no one does or ever will. I Love You Nita!!!! You are my "Guardian Angel In Heaven". Please continue to watch over me...Good Night Nita...##imported-begin##Peachie##imported-end##

“ Hey Nita, I miss you and I love you so much. Not a day goes by that I don't wish that you were still here with me. Shauna and Tanya are doing good and they both graduated, but I know that you can see that yourself. I'm going through so much and you were always here for me to run to..I don't have that any more and I don't know what to do. I miss you so much Nita!! Part of me is still being selfish for not wanting to accept that you are out of pain and are in a better place. My heart hurts too bad and I miss you too much to believe that you are better off in a world without me in it! I pray every night that you come back to me and that I wake up from this nightmare coma and you will be right there by my side when I open my eyes! But I know when that day comes, when I open my eyes and you are there to greet me..will be the day that I too will be in no more pain! I Love You Nita and I always will so very much. I miss you and think about you every moment of the day. I think about you more than I think about myself and that scares me! Please help me get through what I'm going through Nita. Good Night! “ Hi Nita, yes it has been awhile since I last spoke to you and I apologize for that. I'm still missing you like crazy...As you know, Saturday is Jessica's BIG day!! I wish so much that would be there for her, for all of us! As you know, I have started my process of changing. I have been going to Bible study on Saturdays and Church on Sundays...In order to change my life, I had to let go of people, places and things...which is so hard to do, but I'm doing it! I pray everyday for God to make me a better person like you were or at least half the person that you were! I know that you are watching down on me smiling. I hope that you are proud of me for what I'm trying to do with my life! The girls looked beautiful for their first day of school...You would be so proud of them. I just hope to feel your spirit on Saturday. I need you to be there! I know that you still hear me and Kayla saying "Good Morning Nee-Nee" to you everyday. We race to see who will remember to say it first and I must admit, sometimes she beats me to it. Kayla asked me the other day, when you were coming back and it broke my heart. I had to tell that we would see you later in life in Heaven. I had to explain to her that you wasn't and that you couldn't come back to us and that we had to come to you. She misses you so much, that it hurts me. She talks about you all the time. I will make sure that she never forgets about her Aunt Nee-Nee!! No matter what happens in my life or whatever road that I decide to take, I will ALWAYS remember you, love you and treasure each moment that we have shared in our lives. Love you forever and a day..until we meet again.....Good Night "My Angel In Heaven".....Luv Always, Baby Sis..Peachie! P.S. I'm still keeping my promise...I haven't left you...I'm still with you everyday!!###imported-begin##Peachie###imported-end##

“ Have you ever put all your trust and support into someone and time after time they continue to let you down? I miss my sister soooooo much it pains me! My sister, Renita, NEVER let me down. I can't think of one time that she wasn't there when I needed her to be. Or one time that she wasn't there for me when I needed her to be. Or one time when she treated me bad. Or one time when she lied to me. Or one time when she hurt my feelings. I have come a long way and been thru enough things to realize people's 'words' mean nothing to me! I'm a big believer on actions. People words do not hurt me, especially if I don't care about you anyway. That has always been one on my flaws...not caring about what people said or what people thought. Not caring about having any friends because I have always had my family. Now don't get me wrong, I have friends. But I call my friends, my family. All my friends have met my family at least once. You are not truly in until you have met my family. I was never big on caring about who liked me or not because at the end of the day, I had a big family who loved and adored ME! Who loved me unconditionally! Sometimes in life we forget about that! To be loved unconditionally is a strong action! I'm at a point in my life where I'm tired of being let down. I'm tired of being the go-to person, with no one to go when I need help. My sister was my diary. Whenever I had a bad day, she was there. Whenever I needed an ear to vent, she took off her earring so she could hear me better. Whenever I needed a shoulder, she sat beside me so I could lean on hers. Whenever I needed a loan, she handed me her purse. Whenever I needed a couch to crash on for the night, she moved over in her bed to make room for me. Whenever I ran out of gas, she showed up with a gas can and a curse out. It's the little things that I miss out on, that makes it hurt so bad. Not too many people have a person like this in their life. Don't get me wrong, all my sister's are there for me and always will be! They are my best friends and always will be! But Nita was my 'ray of sunshine on a cloudy day...my umbrella during a thunderstorm and snow plow after a snow storm! I miss her so much!! I would give anything just to have one new memory with her! I love my sister and I always will! SHE loved ME "Unconditionally"! RIP My Angel In Heaven###imported-

“ Hey Nita, It will almost be two years and it still feels like yesterday. I still miss you like crazy and I always will. I keep wishing we could go back to that day and the nurse would walk in and tell us that you making a miracle recovery. Everyday I hear stories of cancer survivors, and although I'm happy for their love ones, it angers me that it is not you! I wish that I could live my life again and have you in it a lot longer! Sometimes I feel selfish for saying that I didn't have enough time with you, especially when I know in my heart that every minute I had with you was more than enough. You always lifted my spirits when I was down, you never judged me for the dumb decisions that I made and most of all...you loved me for who I was and not for what I wasn't! I'm so full of pain, anger and resentment and I don't know what to do. You were always my voice of reason and now that you are gone, I don't know what to do?? I'm confused, scared and lonely! I can't even explain how much I miss you and no one will ever understand. You always complimented on how I looked (whether it was my hair, lipstick or just an outfit I was wearing) and you always told me how proud of me you was and I haven't received that type of love since you left me! Why did you have to leave me?? I mean, I understand why...But I don't! Why don't you come to me in my dreams with the support that I need and yearn for???? Things couldn't be any worse for me right now and I need your love and support more than ever.....I will come and visit you real soon again. Oh yeah, thanks for the ray of sunshine the last time that we were there! It was Heaven and it still showed me that you still watch over us! I know that you have no control on what God throws at me, but if I know you like I think I do...I know you are trying to get him to take it easy on me! You have always had my best interest at heart and I love you for that and I always will! I miss you oodles Nita and I know that you are ok! Continue to watch over me, as I will continue to keep you in my thoughts! Me and Kayla will continue to say our daily hello's to you every morning! Kiss Bada for me and tell her that I miss her as well!!! If you see Micah run across your feet, tell my "Micky" that still Mommy loves him and always will! Take care of the fam up there and I will take care of the fam down here! Love You, "My Angel In Heaven"!!!! Until the next time.....
