“ Our thoughts and prayers are with his beloved wife, children, family, extended family and Park West Health System: Hidden Garden Program colleagues. Richard’s professional commitment to community outreach throughout Baltimore was indeed inspiring. He always engaged the community members and colleagues with a smile and sincere greeting. Needless to say, Richard was a "good" man with a passion for helping people, informing the community about the Hidden Garden Program, and educating the community about HIV/AIDS and other health concerns.
