“ I would like to send my condolences to the family. When someone we love dies its very painful. But the Bible talks about God doing away with pain at Rev 21:4. May the God of comfort provide solace to your family at this time.

“ Condolences to the Family of Rodney Roane, Jr.
Losing a loved one is hard, especially when one leaves us as such a young man.
I know you are looking forward to the day soon when John 5:28 will be a reality :*"for the hour is coming in which all those in the memorial tombs will hear his voice and come out."*

“ I was deployed down in Ft. Benning, GA with Sgt Roane. I got the wonderful chance of getting to know Sgt Roane and will trully miss him. He was so serious when I fist met him, trying to act big and tough but he came around. He truly had a soft heart and meant well in all he had done. He would always tell me "Quinn you need to relax, like me." Sgt roane has helped me through many difficult situations and really became the NCO that I was helping him become. Sgt Roane was a great leader and an even better friend, he truly will be missed.

“ I'm so sorry for your loss and would like to offer my condolences to your family. Death is such a terrible thing for a family to go through, I actually lost my mom about 4yrs ago. I'm truly grateful that I have the truth about death and look forward to the future when there will be a resurrection of both the righteous and the unrighteous.”— ACTS 24:15. “ Rodney! I can't believe that you are gone, I'm going to miss everything about you, including our talks, your support and your wonderful sense of humor. You always kept me laughing! I remember when I was having trouble getting into nursing school, and your exact words to me were, "There is always a different route. Don't get upset, find a new route, and keep your grades up, you WILL get into a nursing program."
I know that God has a solidier in heaven. I pray that peace will comfort your family and all those who were affected by your lost. God makes no mistakes. I love you and I miss you!
Love always,
