Most our family members are not able to view the service or print the obituary. The lady who assisted with the service was very rude and With no compassion. When you click on the video all you see is her walking through the video. My brother in law drove from New York to view his father body because he could not make the funeral she was rude because he was late and I quote told him " I BETTER NOT SEE YOU AT THAT FUNERAL TOMORROW. Her disposition was uncaring. I was surprised because I've never experienced this from March after having buried several family members here
