“ *The richness of the human experience is in what is handed down from one life to the next –not simple things of mortar and stone, but memories of what one said or felt or did. Live with your good memories, as they will add to your comfort, which comes from knowing that your grief is shared and understood.##imported-begin##The March Family and Staff##imported-end##*

“ Though I never met your father, Stephanie, he was a strong, kind and gentle man as is reflected in his daughter. I empathize in your loss and truly hope you realize he is never really gone as long as he lives in your memory. It's the love and strength our daddies give us as little girls and grown women that make them so very special.###imported-begin###Claire Barnwell###imported-end###
